How do I attend, participate in, and ask questions during the virtual Meeting online?

This year’s Meeting will be a virtual only meeting of shareholders, which will be conducted solely online via live audio webcast. Any shareholder can attend the virtual Meeting live online at <https://web.lumiagm.com/4415837864>. The password for the meeting is *aurinia2024* (case sensitive). There is no physical location for the Meeting. The meeting will start at 12:00 p.m. Eastern Time on Friday, June 14, 2024. We recommend that you log in at least 15 minutes before the scheduled start time on June 14, 2024 to ensure you are logged in when the Meeting begins. Registered shareholders and duly appointed proxyholders attending the virtual Meeting will be afforded the same rights and opportunities to participate as they would at an in-person meeting. To participate in the Meeting, you will need to review the information included in this Proxy Statement/Circular and on your proxy card.

You are entitled to participate in the Meeting only if you were a registered shareholder of the Company as of the close of business on April 30, 2024 (the “Record Date”), or if you hold a valid proxy for the Meeting. No physical meeting will be held.

Registered shareholders as of the Record Date and their duly appointed proxyholders also will be able to vote their shares and submit their questions online by attending the Meeting by live audio webcast.

If you hold your shares through an intermediary, such as a bank, broker or other nominee, you must register in advance using the instructions below.

We reserve the right to take any measures deemed to be appropriate, necessary or advisable in relation to the meeting including, changing the meeting date and/or changing the means of holding the meeting. - Limit your remarks to one brief question or comment that is relevant to the Meeting and/or our business.
- Questions may be grouped by topic when responded to by our management.
- Questions may also be ruled as out of order or not responded to if they are, among other things, irrelevant to our business or the business of the Meeting, related to pending or threatened litigation, disorderly, repetitious of statements already made, or in furtherance of the speaker's own personal, political or business interests.
- Be respectful of your fellow shareholders and Meeting participants.
- No audio or video recordings of the Meeting are permitted.

It is important to note that if you are participating in the virtual Meeting, you must remain connected to the Internet at all times during the Meeting in order to vote when balloting commences. It is your responsibility to ensure Internet connectivity for the duration of the Meeting.

How do I register to attend the Meeting virtually on the Internet?

If you are a registered shareholder (i.e., you hold your shares through our transfer agent, Computershare Trust Company of Canada ("Computershare")), you do not need to register to attend the Meeting virtually on the Internet. Please follow the instructions on the proxy card that you received.

If you are a beneficial shareholder with shares held through an intermediary, such as a bank, broker or other nominee, and wish to vote online at the Meeting (or have a third party vote on your behalf online at the Meeting), you need to strike out the names of the management designees and insert your or a third party's name into the appropriate space on the voting instruction form (the "VIF"). Do not fill out your voting instructions. Follow the instructions for submitting the VIF by the appropriate deadline, as the instructions and deadline may vary depending on the intermediary. It is important that you comply with the signature and return instructions provided by your intermediary.

You must also register yourself or the third party as a proxyholder by visiting www.investorvote.com by 12:00 p.m. (Eastern Time) on June 12, 2024 and provide Computershare with your or the third party's contact information so that Computershare may provide you or the third party with a username via email shortly after this deadline. Without a username, you or the third party will not be able to vote or ask questions at the Meeting.

For U.S. beneficial owners, to register to attend the Meeting online by webcast, you must submit proof of your proxy power (legal proxy) reflecting your holdings in the Company, along with your name and email address to Computershare using the below contact information. Requests for registration must be labeled as "Legal Proxy" and be received no later than 12:00 p.m., Eastern Time, on June 12, 2024.

You will receive a confirmation of your registration by email after Computershare receives your registration materials.

Requests for registration should be directed to Computershare at the following:

By email:

Forward the email from your bank, broker or other nominee, or attach an image of your legal proxy, tolegalproxy@computershare.com

Who can vote at the Meeting?

Only shareholders of record at the close of business on April 30, 2024 (defined above as the "Record Date"), will be entitled to vote at the Meeting. On the Record Date, there were 142,663,526 common shares issued and outstanding (this number excludes 355,839 shares repurchased by the Company that are outstanding and are being submitted for cancellation). Each common share entitles the holder to one vote with respect to each matter submitted to shareholders at the Meeting. **Each shareholder is entitled to appoint any other person to represent them at the Meeting, and at any adjournment thereof. If a shareholder wishes to appoint a person or company other than the nominees presented by the Board, they may do so by inserting the name of their chosen proxyholder in the space provided and as instructed on the Proxy.**

Shareholder of Record: Shares Registered in Your Name

If on the Record Date your shares were registered directly in your name with our transfer agent, Computershare Trust Company of Canada, then you are a shareholder of record.

As a shareholder of record, you may vote online at the Meeting or vote by proxy. Whether or not you plan to attend the Meeting, we urge you to ensure that your vote is counted by voting by proxy by mail, over the telephone or on the Internet as instructed below.

If you have any questions or require assistance voting, please contact our proxy solicitation agent, Laurel Hill Advisory Group toll free within North America at 1-877-452-7184 (1-416-304-0211 outside North America), or by email at assistance@laurelhill.com.

Beneficial Owner: Shares Registered in the Name of a Broker or Bank

If on the Record Date your shares were not held in your name, but rather in an account at a bank, broker or other nominee, then you are the beneficial owner of shares held in "street name" and these proxy materials are being forwarded to you by that organization. The organization holding your account is considered to be the shareholder of record for purposes of voting at the Meeting. As a beneficial owner, you are invited to attend the Meeting, however, since you are not the shareholder of record, you may not vote your shares online at the Meeting unless you request and obtain a valid proxy from your broker or other agent (see above "*How do I register to attend the Meeting virtually on the Internet?*").

If you have any questions or require assistance voting, please contact our proxy solicitation agent, Laurel Hill Advisory Group toll free within North America at 1-877-452-7184 (1-416-304-0211 Outside North America), or by email at assistance@laurelhill.com.

In accordance with National Instrument 54-101 - Communications with Beneficial Owners of Securities of a Reporting Issuer ("NI 54-101") and in accordance with an exemptive relief order granted by the British Columbia Securities Commission and Ontario Securities Commission to the Company on February 24, 2023, the Company is distributing the Notice of Meeting Materials to clearing agencies and intermediaries for distribution to beneficial owners. Such agencies and intermediaries must forward the Notice of Materials to beneficial owners. Management of the Company also intends to pay for intermediaries to forward the Proxy Statement/Circular to objecting beneficial owners under NI 54-101.

What am I voting on?

This Proxy Statement/Circular describes the proposals on which we would like you, as a shareholder, to vote at the Meeting. This Proxy Statement/Circular provides you with information on the proposals, as well as other information about us, so that you can make an informed decision as to whether and how to vote your shares.

At the Meeting, shareholders will act upon the following four proposals:

- Proposal 1 To elect to the Board the following nine nominees presented by the Board: Dr. Daniel Billen, R. Hector MacKay-Dunn, Jill Leversage, Jeffrey A. Bailey, Dr. Brinda Balakrishnan, Dr. Robert T. Foster, Peter Greenleaf, Dr. David R.W. Jayne and Dr. Karen Smith each to serve until the 2025 annual general meeting of shareholders or until their qualified successor has been duly elected or appointed.
- Proposal 2 To appoint PricewaterhouseCoopers LLP, Chartered Professional Accountants, as the Company's independent registered public accounting firm until the close of the 2025 annual general meeting of shareholders or until a successor is appointed.
- Proposal 3 To approve, on a non-binding advisory basis, a "say on pay" resolution regarding the Company's executive compensation set forth in this Proxy Statement/Circular.
- Proposal 4 To approve an amendment to the Company's Equity Incentive Plan to increase the maximum number of common shares reserved for issuance pursuant to the Equity Incentive Plan.

The Board unanimously recommends that shareholders vote **FOR** the approval of each of the four proposals.

In addition, shareholders will receive the annual consolidated financial statements of the Company for the fiscal year ended December 31, 2023, including the auditor's report thereon (shareholders will not be asked to vote on this matter).

What if another matter is properly brought before the Meeting?

As of the date of this Proxy Statement/Circular, our Board knows of no other matters that will be presented for consideration at the Meeting. If any other matters are properly brought before the Meeting, it is the intention of the management designated proxy holder (identified on your proxy card) to vote on those matters in accordance with their best judgment.

How do I vote?

You may either vote "For" each of the nominees to the Board or you may "Withhold" your vote for any nominee you specify. For the appointment of the auditor, you may vote "For", "Withhold" or "Abstain". For each of the other matters to be voted on, you may vote "For", "Against" or "Abstain".

Shareholder of Record: Shares Registered in Your Name

If you are a shareholder of record, you may vote online at the Meeting, vote by proxy by mail, over the telephone or through the Internet. Whether or not you plan to attend the Meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the Meeting. If you attend the Meeting and decide to vote online during the Meeting even if you have already voted by proxy, you may vote online pursuant to the provided instructions. Doing so will revoke your prior vote.

- To vote online during the Meeting, follow the provided instructions to join the Meeting at <https://web.lumiagm.com/415837864>, starting at 12:00 p.m. Eastern Time on Friday, June 14, 2024. The password for the meeting is *aurinia2024* (case sensitive). The webcast will open prior to the start of the Meeting and we recommend that you log in at least 15 minutes before the Meeting to ensure you are logged in when the Meeting begins.
- To vote by mail using the proxy card, simply complete, sign and date the proxy card delivered to you and return it promptly in the envelope provided. If you return your signed proxy card to us before the Meeting by 12:00 p.m.

(Eastern Time) on June 12, 2024, or no later than 48 hours (excluding Saturdays, Sundays and holidays) before any adjournment or postponement of the Meeting, we will vote your shares as you direct.

- To vote over the telephone, dial toll-free 1-866-732-8683 using a touch-tone phone and follow the recorded instructions. You will be asked to provide the company number and control number from the proxy card.
- To vote through the Internet, go to www.investorvote.com to complete an electronic proxy card. You will be asked to provide the control number from the proxy card.

Beneficial Owner: Shares Registered in the Name of Broker, Bank or Other Nominee

If you are a beneficial owner of shares registered in the name of your broker, bank, or other nominee, you should have received voting instructions from that organization rather than from us. Simply follow the voting instructions to ensure that your vote is counted. Aurinia may utilize Broadridge's QuickVote™ service to assist eligible shareholders with voting their shares directly over the phone.

Should you wish to vote online at the Meeting (or have a third party vote on your behalf online at the Meeting), you need to strike out the names of the management designees and insert your or a third party's name into the appropriate space on the VIF. Do not fill out your voting instructions. Follow the instructions for submitting the VIF by the appropriate deadline, as the instructions and deadline may vary depending on the intermediary. It is important that you comply with the signature and return instructions provided by your intermediary.

For U.S. Beneficial Owners, to register to attend the Meeting online by webcast, you must submit proof of your proxy power (legal proxy) reflecting your holdings in the Company, along with your name and email address to Computershare using the contact information set out above. Requests for registration must be labeled as "Legal Proxy" and be received no later than 12:00 p.m., Eastern Time, on June 12, 2024.

- “FOR” the approval of an amendment to the Company's Equity Incentive Plan to increase the maximum number of common shares reserved for issuance pursuant to the Equity Incentive Plan.

If any other matter is properly presented at the Meeting, your proxy holder (named on your proxy card) will vote your shares using their best judgment.

Can I submit a question for the Meeting?

Shareholders who attend the Meeting and log in as a registered shareholder using their control number will have an opportunity to submit questions in writing during a portion of the Meeting. Instructions for submitting a question during the Meeting will be provided on the Meeting website. We will endeavor to answer as many submitted questions as time permits; however, we reserve the right to exclude questions regarding topics that are not pertinent to Meeting matters or company business or are, in our determination, inappropriate. If we receive substantially similar questions, we will group such questions together and provide a single response to avoid repetition. Any questions that are appropriate and pertinent to the Meeting but cannot be answered during the Meeting due to time constraints will be answered and posted on the “*Investors & Media - Governance Documents*” page of our Company’s website at www.auriniapharma.com, as soon as practicable after the Meeting.

What should I do if I need technical support during the Meeting?

The Meeting platform is fully supported across browsers and devices running the most updated version of applicable software and plugins. Attendees should ensure they have a strong Internet connection, allow plenty of time to log in, and can hear streaming audio prior to the start of the Meeting.

If you experience any technical difficulties accessing the Meeting or during the Meeting, please call the toll-free number that will be available on our virtual shareholder login site at <https://web.lumiagm.com/415837864> for assistance. We will have technicians ready to assist you with any technical difficulties you may have beginning 15 minutes prior to the start of the Meeting, and the technicians will be available through the conclusion of the Meeting. Additional information regarding matters addressing technical and logistical issues, including technical support during the Meeting, will be available on the Meeting website.

Who is paying for this proxy solicitation?

We will pay for the entire cost of soliciting proxies associated with this Proxy Statement/Circular. In addition to these proxy materials, our directors and employees may also solicit proxies in person, by telephone, or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting proxies. We have also engaged Laurel Hill Advisory Group to assist us in connection with the solicitation of proxies and communications with shareholders, recommending corporate governance best practices, where applicable, liaising with advisory firms, developing and implementing shareholder communication strategies and advice with respect to the Meeting and proxy protocol. In connection with these services, Laurel Hill is expected to receive a fee of CAD37,500 plus taxes and expenses.

What does it mean if I receive more than one set of proxy materials?

If you receive more than one set of proxy materials, your shares may be registered in more than one name or in different accounts. Please follow the voting instructions on the proxy cards to ensure that all of your shares are voted.

Can I change my vote after submitting my proxy?

Shareholder of Record: Shares Registered in Your Name

Yes. You can revoke your proxy at any time before the final vote at the Meeting. If you are the record holder of your shares, you may revoke your proxy in any one of the following ways:

- You may submit another properly completed proxy card with a later date.
- You may grant a subsequent proxy by telephone or through the Internet.
- You may send a timely written notice that you are revoking your proxy to our Corporate Secretary at Aurinia Pharmaceuticals Inc., #140, 14315 – 118 Avenue Edmonton, AB T5L 4S6 Canada. Notice must be received prior to the commencement of the Meeting in order to be timely.
- You may virtually attend the Meeting and vote online at the Meeting. Simply attending the Meeting will not, by itself, revoke your proxy. Even if you plan to attend the Meeting, we recommend that you also submit your proxy or voting instructions by mail or vote by telephone or through the Internet so that your vote will be counted if you later decide not to attend the Meeting.

Your most recently submitted proxy card or telephone or Internet proxy is the one that is counted.

Beneficial Owner: Shares Registered in the Name of Broker or Bank

If your shares are held by your broker, bank or other nominee, you should follow the instructions provided by your broker, bank or other nominee in order to change your vote or revoke your proxy.

When are shareholder proposals and director nominations due for next year's annual meeting?

From time to time, shareholders may present proposals that may be proper subjects to add to the agenda for consideration at a general meeting of shareholders. Under Section 136 of the ABCA and the regulations thereto, shareholders who hold, in the aggregate, at least 1% of the voting power in the Company, or shares whose fair market value at close of business on the day before the shareholder submits the proposal is at least \$2,000, and have held them for the 6 month period preceding the submission of the proposal, may submit a request to include an item to the agenda, *provided* the requested item is appropriate for presentation at a general meeting and for consideration by the shareholders. The proposal must have support from shareholders holding at least 5% of the voting power in the Company to be validly submitted. The proposal must be submitted at least 90 days before the anniversary date of the last annual meeting of the Company's shareholders (being March 17, 2025 for the 2025 annual general meeting of shareholders, based on the planned date for the Meeting).

In addition, shareholder proposals may be submitted for inclusion in a proxy statement under Rule 14a-8 under the Securities Exchange Act of 1934, as amended (the "Exchange Act"). Under Rule 14a-8 of the Exchange Act, to be eligible for inclusion in the Company's proxy materials for the 2024 annual general meeting of Shareholders, shareholder proposals must be received by the Company not later than January 3, 2025, which is 120 days prior to the anniversary of the date this Proxy Statement/Circular was first released to shareholders with respect to the Meeting. In addition, Rule 14a-8 proposals must otherwise comply with the requirements of the rule, including minimum shareholding requirements for the proposer in order for a shareholder proposal to be valid. This date will change if the date of 2025 Annual General Meeting of shareholders is 30 calendar days earlier or later than June 14, 2025.

Accordingly, shareholders should submit any proposals for inclusion in the Company's proxy materials prior to January 3, 2025 to be in compliance with both requirements.

Proposals should be addressed to: Aurinia Pharmaceuticals Inc., #140, 14315 – 118 Avenue Edmonton, AB T5L 4S6 Canada, Attn: Corporate Secretary.

We received no shareholder proposals for the Meeting.

The Company's by-laws include advance notice provisions (the "Advance Notice Provisions") that require that advance notice must be provided to the Company in circumstances where nominations of persons for election to the Board are made by shareholders other than pursuant to: (i) a "proposal" made in accordance with the ABCA; or (ii) a requisition of the shareholders made in accordance with the ABCA.

Among other things, the Advance Notice Provisions fix a deadline by which holders of record of common shares must submit director nominations to the secretary of the Company prior to any annual or special meeting of shareholders and sets forth the specific information a shareholder must include in the written notice to the secretary of the Company for an effective nomination to occur. No person will be eligible for election as a director unless nominated in accordance with the provisions of the Advance Notice Provisions.

In the case of an annual meeting of shareholders, notice to the Company must be made not less than 30 nor more than 65 days prior to the date of the annual meeting; provided, however, in the event that the annual meeting is to be held on a date that is less than 60 days after the date on which the first public announcement of the date of the annual meeting was made, notice may be made not later than the close of business on the tenth day following such public announcement.

The foregoing is merely a summary of the Advance Notice Provisions, and is not comprehensive and is qualified by the full text of such provisions. The full text of such provisions is set out in Section 14 of our Amended and Restated By-law No. 2, which is filed as Exhibit 3.2 on our Form 8-K filed on April 27, 2021, which can be found at www.sec.gov.

In addition to the Advance Notice Provisions, in 2023 the SEC adopted Rule 14-19 (known as the universal proxy rules), which governs proxy contests for companies subject to the US proxy rules for shareholder meetings held after August 31, 2022. As a result, the Meeting is subject to the universal proxy rules. Under the universal proxy rules, shareholders who seek to nominate a director for election to a company's board of directors must submit to the company not later than 60 days prior to the anniversary date of that company's prior annual meeting the information required under Rule 14a-19. The deadline for compliance with the universal proxy rules' nomination requirements for the annual meeting of shareholders to be held in 2025, provided that meeting is held within 30 days of June 14, 2025, will be April 15, 2025.

The deadline for compliance with the universal proxy rules' nomination requirements for the Meeting was March 18, 2024. As of the date hereof, the Company has not received any valid nominations for directors from any third party.

How are votes counted?

Votes will be counted by the scrutineer appointed for the Meeting, who will separately count, for proposal 1, votes "For" or "Withhold"; with respect to proposal 2, votes "For", "Withhold" or "Abstain"; and with respect to proposal 3, votes "For," "Against" or "Abstain", and with respect to proposal 4, votes "For", "Against" or "Abstain". No broker non-votes will be counted.

What are "broker non-votes"?

When a beneficial owner of shares held in "street name" does not give instructions to his or her bank, broker or other nominee holding the shares as to how to vote on a matter, under the ABCA the bank, broker or other nominee cannot vote the shares. These unvoted shares are counted as "broker non-votes."

As a reminder, if you are a beneficial owner of shares held in "street name," in order to ensure your shares are voted, you must provide voting instructions to your bank, broker or other nominee holding the shares by the deadline provided in the materials you receive from your bank, broker or other nominee.

How many votes are needed to approve each proposal?

On each proposal to be voted upon, shareholders have one vote for each share owned as of the Record Date. Votes will be counted by the scrutineer. The following table summarizes vote requirements and the effect of abstentions and broker non-votes:

Proposal Number	Proposal Description	Vote Required for Approval	Effect of Abstentions	Effect of Broker Non-Votes
1	The election to the Board the following nine nominees presented by the Board: Dr. Daniel Billen, R. Hector MacKay-Dunn, Jill Leversage, Jeffrey A. Bailey, Dr. Brinda Balakrishnan, Dr. Robert T. Foster, Peter Greenleaf, Dr. David R.W. Jayne and Dr. Karen Smith.	Directors will individually be elected by a plurality of the "FOR" votes cast at the Meeting by the holders of shares present in person or represented by proxy and entitled to vote on the election of directors. If you select "WITHHOLD" with respect to the election of a nominee, your vote will not be counted as a vote cast for the purposes of electing such nominee but will be considered in the application of the Company's Majority Voting Policy. In order not to be subject to the application of our Majority Voting Policy, as further described on page 19, each director nominee must receive more "FOR" votes than "WITHHOLD" votes.	None	None
2	To approve the appointment of PricewaterhouseCoopers LLP, Chartered Professional Accountants, as the Company's independent registered public accounting firm until the close of the 2025 Annual General Meeting of shareholders or until a successor is appointed.	"FOR" votes from the holders of a majority of votes cast on the question. For purposes of this proposal, votes cast at the Meeting include only those votes cast "FOR" the appointment of the proposed independent registered public accounting firm. If you vote "FOR" the appointment of the proposed independent registered public accounting firm, your vote will be cast accordingly. If you select "WITHHOLD" or "ABSTAIN" your vote will not be counted as a vote cast for purposes of appointing the proposed independent registered public accounting firm.	None	None
3	To approve, on a non-binding advisory basis, a "say on pay" resolution regarding the Company's executive compensation.	This is an advisory vote and the Board will consider the results of the advisory vote when considering future decisions related to such proposal.	None	None
4	To approve an amendment to the Company's Equity Incentive Plan to increase the number of common shares reserved for issuance pursuant to the Equity Incentive Plan	"FOR" votes from the holders of a majority of votes cast on the question.	None	None

What is the quorum requirement?

A quorum of shareholders is necessary for the transaction of business at any meeting of shareholders. A quorum will be present if at least two (2) shareholders, each being a shareholder entitled to vote or a duly appointed proxy or representative for any absent shareholder so entitled, who hold, in the aggregate, no less than thirty-three and one-third percent (33 1/3%) of the outstanding shares of the Company carrying voting rights at the meeting. Shares that are voted "FOR," "WITHHOLD," "AGAINST," or "ABSTAIN," are treated as being present at the Meeting for purposes of establishing a quorum, as are broker non-votes, which occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that proposal and has not received instructions with respect to that proposal from the beneficial owner.

On the Record Date, there were 142,663,526 shares outstanding and entitled to vote (this number excludes 355,839 shares repurchased by the Company that are outstanding and are being submitted for cancellation). Thus, the holders of at least 47,554,009 shares must be present via virtual attendance or represented by proxy at the Meeting to have a quorum. Your shares will be counted towards the quorum only if you submit a valid proxy (or one is submitted on your behalf by your broker, bank or other nominee) or if you attend online at the Meeting. If there is no quorum, the holders of a majority of shares present at the Meeting via virtual attendance or represented by proxy may adjourn the Meeting to another date

How can I find out the Meeting voting results?

Preliminary voting results are expected to be announced at the Meeting. In addition, final voting results will be published in a current report on Form 8-K that we expect to file within four business days after the Meeting. If final voting results are not available to us in time to file a current report on Form 8-K within four business days after the Meeting, we intend to file a current report on Form 8-K to publish preliminary results and, within four business days after the final results are known to us, file an amended current report on Form 8-K to publish the final results.

RECEIPT OF FINANCIAL STATEMENTS

At the Meeting, shareholders will receive and consider the annual consolidated financial statements of the Company for the year ended December 31, 2023 and the auditor's report thereon, but no vote by the shareholders with respect thereto is required or proposed to be taken.

PROPOSAL 1

ELECTION OF DIRECTORS

The following section states the names of all of the persons proposed to be nominated by the Company for election as directors, their municipality, province or state and country of residence, their age, their principal occupation, their position in the Company (if any), and the period during which each proposed nominee has served as a director.

The persons named in the Proxy intend to cast the votes to which the shares represented by such Proxy are entitled FOR the election of each of the nominees to the Board set forth in this Proxy Statement/Circular, unless otherwise directed by the shareholders instructing them.

The Company is not aware that any of the below nominees will be unable or unwilling to serve; however, should the Company become aware of such an occurrence before the election of directors takes place at the Meeting, if one of the persons named in the Proxy is appointed as proxy holder, it is intended that the discretionary power granted under such Proxy will be used to vote for any substitute nominee or nominees whom the Company in its discretion may select.

Directors are elected by a plurality of the "FOR" votes of the holders of shares by remote attendance at the Meeting or represented by proxy and entitled to vote on the election of directors. Accordingly, the nine nominees receiving the highest number of affirmative votes will be elected. However, in order not to be subject to the application of our Majority Voting Policy, as further described below, each director nominee must receive more "FOR" votes than "WITHHOLD" votes. Holders of proxies solicited by this Proxy Statement/Circular will vote the proxies received by them as directed on the proxy card or, if no direction is made, for the election of the Board's nine nominees. If elected, each director will hold office until the next annual meeting of shareholders or until their successor is duly elected, unless their office is vacated earlier in accordance with the by-laws of the Company or the ABCA.

On September 21, 2023, we entered into a cooperation agreement (the "Cooperation Agreement") with MKT Capital Ltd., MKT Tactical Fund, SP and Antoine Khalife (collectively, "MKT").

Pursuant to the Cooperation Agreement, we agreed to appoint Dr. Robert T. Foster to the Board, with an initial term expiring at the Meeting.

Under the terms of the Cooperation Agreement, MKT agreed to abide by certain customary standstill restrictions (subject to certain exceptions) and voting commitments, including voting in support of all nominees for director that we put forward at the Meeting, and voting in favor of all other matters put forward at the Meeting (subject to certain exceptions) until October 31, 2024 provided that we re-nominate Dr. Foster at the Meeting and Dr. Foster agrees to such re-nomination.

Board Diversity Matrix (As of December 31, 2023)

We have adopted a written Diversity Policy, which focuses on the identification and nomination of directors and executive officers, and requires that the Board consider diversity on the Board from several aspects, including but not limited to gender, age, ethnicity and cultural diversity. In addition, when assessing and identifying potential new members to join the Board or our executive team, the Board shall consider the current level of diversity on the Board and the executive team. The Board has followed our Diversity Policy in considering potential candidates for election and appointment of members of the Board and the executive team.

The Governance & Nomination Committee of the Board regularly considers our Diversity Policy and our diversity needs, and reports to the Board as needed on our advancements related to this policy. In connection with such reviews, the Governance & Nomination Committee will consider the effectiveness of our approach to diversity and will recommend to the Board any changes that it considers appropriate.

The following table sets out voluntarily disclosed information regarding certain diversity elements for our Board.

We believe in the efficacy of a right-sized and highly engaged Board. Our three existing female Board members play a significant role in achieving this important goal of the Company.

Majority Voting Policy

The Company has adopted a Majority Voting Policy where if, with respect to any particular nominee being voted on for election at any meeting where shareholders vote on the uncontested election of directors, the number of shares withheld exceeds the number of shares voted in favor of the nominee, then for purposes of the Majority Voting Policy the nominee shall be considered not to have received the support of the shareholders, even though duly elected as a matter of corporate law. If a director receives more withheld votes than for votes at the election of directors, pursuant to our Majority Voting Policy such director is required to forthwith tender their resignation. An *uncontested election* means the number of director nominees for election is the same as the number of directors to be elected to the Board. Within 90 days of the relevant shareholders' meeting, the Board will make its determination whether or not to accept the resignation and issue a press release either announcing the resignation of the director or explaining the reasons justifying its decision not to accept the resignation. The Board will accept the resignation absent exceptional circumstances and such resignation will be effective when accepted by the Board. A director who tenders a resignation pursuant to this policy will not participate in any meeting of the Board or any committee at which the resignation is considered.

The director nominees have agreed to comply with the Company's Majority Voting Policy. Pursuant to the language in such policy "Any future nominees for election to the Board will be asked to agree to comply with this policy before they are nominated for election, or otherwise appointed, to the Board."

Advance Notice Requirements

The Company's by-laws include advance notice provisions (the "Advance Notice Provisions") that require that advance notice must be provided to the Company in circumstances where nominations of persons for election to the Board are made by shareholders other than pursuant to: (i) a "proposal" made in accordance with the ABCA; or (ii) a requisition of the shareholders made in accordance with the ABCA.

Among other things, the Advance Notice Provisions fix a deadline by which holders of record of common shares must submit director nominations to the secretary of the Company prior to any annual or special meeting of shareholders and sets forth the specific information a shareholder must include in the written notice to the secretary of the Company for an effective nomination to occur. No person will be eligible for election as a director unless nominated in accordance with the provisions of the Advance Notice Provisions.

In the case of an annual meeting of shareholders, notice to the Company must be made not less than 30 nor more than 65 days prior to the date of the annual meeting; provided, however, in the event that the annual meeting is to be held on a date that is less than 60 days after the date on which the first public announcement of the date of the annual meeting was made, notice may be made not later than the close of business on the tenth day following such public announcement.

In the case of a special meeting of shareholders (which is not also an annual meeting), notice to the Company must be made not later than the close of business on the tenth day following the day on which the first public announcement of the date of the special meeting was made.

The Board may, in its sole discretion, waive any requirement of the Advance Notice Provisions.

In addition to the Advance Notice Provisions, in 2023 the SEC adopted Rule 14-19 (known as the universal proxy rules), which governs proxy contests for companies subject to the US proxy rules, for meetings held after August 31, 2022. As a result, we are subject to the new universal proxy rules. Under the universal proxy rules, shareholders who seek to nominate a director for election to a company's board must submit, to the company not later than 60 days prior to the anniversary date of that company's prior annual meeting (1) the name(s) of the nominee(s) it intends to solicit proxies for, and (2) a representation that the shareholder will solicit at least 67% of the company's shareholders. The deadline for compliance with the universal proxy rules' nomination requirements for the annual meeting of shareholders to be held in 2025, provided that meeting is held within 30 days of June 14, 2025, will be April 15, 2025.

The deadline for compliance with the universal proxy rules' nomination requirements for the Meeting was March 18, 2024. As of the date hereof, the Company has not received any valid nominations for directors from any third party.

Required Vote

Directors will individually be elected by a plurality of the votes cast at the Meeting by the holders of shares present in person or represented by proxy and entitled to vote on the election of directors. However, under our Majority Voting Policy, as further described above, a director is required to forthwith tender their resignation if the director receives more "WITHHOLD" votes than "FOR" votes. Abstentions will have no effect and broker non-votes will not be counted.

**Our Board unanimously recommends
that you vote "FOR" each named nominee.**

**INFORMATION REGARDING THE BOARD OF DIRECTORS
AND CORPORATE GOVERNANCE**

Corporate Governance Highlights and Guidelines

We recognize the importance of a good framework for sound, long-term oriented governance. We are committed to the highest standards of corporate governance and generally align our corporate governance with the best practice principles. We highlight our following best practices with regard to governance:

✓ Majority of the Board is independent (77.8%)	✓ Annual board and committee self- evaluation	✓ Majority voting in uncontested elections
✓ Presiding Chairman is an independent director	✓ Proxy access	✓ No poison pill in effect
✓ Separate Non-Executive Board Chair and CEO roles	✓ Annual director elections	✓ Stock ownership guidelines for directors
✓ Wholly independent Audit, Compensation and G&N Committees	✓ Regular executive sessions of independent directors	✓ Regular director refreshment

Independence of the Board of Directors

Applicable Nasdaq rules require a majority of a listed company’s board of directors to be comprised of independent directors. In addition, Nasdaq rules require that, subject to specified exceptions, each member of a listed company’s audit, compensation and nominating and corporate governance committees be independent and that audit committee members also satisfy independence criteria set forth in Rule 10A-3 under the Exchange Act. The Nasdaq independence definition includes a series of objective tests, such as that the director is not, and has not been for at least three years, one of our employees, that neither the director nor any of his family members has engaged in various types of business dealings with us and that the director is not associated with the holders of more than 5% of our common shares. In addition, under applicable Nasdaq rules, a director will only qualify as an “independent director” if, in the opinion of the listed company’s board of directors, that person does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

Our Board has determined that all our directors, except Peter Greenleaf and Robert Foster, are independent directors, as defined under applicable Nasdaq and Canadian rules. In making such a determination, our Board considered the relationships that each director has with our company and all other facts and circumstances that our Board deemed relevant in determining his or her independence, including the beneficial ownership of our common shares by each non-employee director. Mr. Greenleaf is considered to have a material relationship with Aurinia by virtue of being the President and CEO. Dr. Foster is considered to have a material relationship due to an ongoing deferred compensation arrangement between the Company and Dr. Foster.

There are no family relationships among any of our directors or executive officers. In addition, to avoid potential conflicts of interest, Dr. Daniel Billen, Director and Chairman of the Board, is not an executive.

Board Leadership Structure

Our Board has an independent Chairman, Dr. Billen who has authority, among other things, to preside over Board meetings, and shall have such powers and duties as may from time to time be assigned by the Board. Accordingly, the Chairman has substantial ability to shape the work of the Board. We believe that separation of the positions of Chairman and Chief Executive Officer reinforces the independence of the Board in its oversight of our business and affairs. In addition, we believe that having an independent Chairman creates an environment that is more conducive to objective evaluation and oversight of management’s performance, increasing management accountability and improving the ability of our Board to monitor whether management’s actions are in our best interests. As a result, we believe that having an independent Chairman can enhance the effectiveness of

our Board as a whole. Dr. Billen also leads all meetings of non-employee directors, which are held regularly to allow for the exercise of independent consideration by the Board.

Role of the Board in Risk Oversight

One of the key functions of our Board is informed oversight of our risk management process. Our Board does not have a standing risk management committee, but rather administers this oversight function directly through the Board as a whole, as well as through various standing committees of our Board that address risks inherent in their respective areas of oversight. The Board as a whole regularly (and no less than annually) reviews management's annual enterprise risk assessment and business continuity process. In particular, our Audit Committee is responsible for overseeing the management of risks associated with our financial reporting, accounting and auditing matters, as well as business related risks (such as leadership, continuity, cybersecurity, and matters relating to our commercial activities), reviewing as required our processes around the management and monitoring of such risks, as well as conducting a risk assessment review. As an additional measure, the G&N Committee conducts an annual review of all of our corporate governance and Board related policies and charters, and recommends any updates that may be applicable to the full Board for approval. Both the Board as a whole and the various standing committees receive periodic reports from the standing committees, as well as incidental reports as matters may arise. It is the responsibility of the committee chairs to report findings regarding material risk exposures to the Board as quickly as possible.

Meetings of the Board of Directors

In 2023, our Board met eighteen times, the Audit Committee met four times, the G&N Committee met six times, the Compensation Committee met six times. Each Board and committee member that is standing for election attended at least 75% of the aggregate number of meetings of the Board and of the committees on which they served, held during the portion of the last fiscal year for which they were directors or committee members, respectively. The Company's independent directors met five times in executive sessions during fiscal year 2023, at which only independent directors were present in compliance with applicable Nasdaq listing standards. Dr. Milne, the Chairman of our Board until June 2023 and Dr. Billen, the Chairman of our Board thereafter, presided over the executive sessions during their respective tenures. The Company does not require members of the Board to attend its annual meeting of shareholders; however, Dr. Daniel Billen, Joseph P. Hagan, Dr. David Jayne, Jill Leversage, Hector MacKay-Dunn, Dr. George Milne, Dr. Brinda Balakrishnan, and Peter Greenleaf (being all of the Directors nominated for election at that meeting) attended the Company's last annual meeting of shareholders held on May 17, 2023.

The following table sets forth the number of meetings held by the Board and each of its committees during the fiscal year ended December 31, 2023, and the attendance of each Director (in the case of committees of the Board, the attendance of each member of such committees) at those meetings. The Board preschedules one meeting per quarter, and all other meetings are held on an ad hoc basis, including often on short notice. For any meeting that a Director misses, either the CEO or the Chairman of the Board connects either in advance of the Board meeting to discuss the anticipated items to be raised, or following the meeting for feedback from the Director.

The composition and functions of our Audit Committee, Compensation Committee and G&N Committee are described below.

Audit Committee

Our Audit Committee consists of Jill Leversage, Dr. Karen Smith, Dr. Daniel Billen and Jeffrey A. Bailey. Jill Leversage serves as chairperson of the Audit Committee. All members of our Audit Committee meet the requirements for financial literacy under the applicable rules and regulations of the SEC and Nasdaq. Our Board has determined that Jill Leversage is an audit committee financial expert as such term is defined by the SEC rules and has the requisite financial experience as defined by the applicable Nasdaq rules and applicable Canadian securities laws. Each of the members of our Audit Committee is “independent” as such term is defined in Rule 10A-3(b)(1) under the Exchange Act and satisfies the independent director requirements under the Nasdaq rules.

Our Audit Committee charter sets forth the responsibilities of the Audit Committee consistent with the rules and regulations of the applicable SEC and the Nasdaq rules, including the following:

- oversight of our independent registered public auditor and recommending the engagement, compensation or termination of engagement of our independent registered public accounting firm to the Board;
- recommending the engagement or termination of the person filling the office of our internal auditor;
- reviewing and recommending to the Board with respect to our annual consolidated financial statements and related disclosures;
- approving our interim unaudited condensed consolidated financial statements;
- overseeing our whistleblower program and our Code of Conduct;
- recommending the terms of audit and non-audit services provided by the independent registered public accounting firm for pre-approval by our Board; and
- reviewing the Company's approach to risk mitigation with respect to IT and cybersecurity.

Our Audit Committee provides assistance to our Board in fulfilling its legal and fiduciary obligations in matters involving our accounting, auditing, financial reporting, internal control and legal compliance functions by pre-approving the services performed by our independent accountants and reviewing their reports regarding our accounting practices and systems of internal control over financial reporting. Our Audit Committee also oversees the audit efforts of our independent accountants and takes those actions that it deems necessary to satisfy itself that the auditors are independent of management.

We believe that the composition and functioning of our Audit Committee complies with all applicable requirements of the Sarbanes-Oxley Act, all applicable SEC and Nasdaq rules and regulations and applicable Canadian securities laws. We intend to comply with future requirements to the extent they become applicable to us.

A copy of our Audit Committee charter is available for review on the “Investors & Media - Governance Documents” page of our Company’s website at www.auriniapharma.com.

Compensation Committee

Our Compensation Committee consists of Dr. Daniel Billen, R. Hector MacKay-Dunn, Jeffrey A. Bailey and Dr. Brinda Balakrishnan. Dr. Daniel Billen serves as chairperson of the committee. Each of these individuals is a non-employee director, as defined in Rule 16b-3 promulgated under the Exchange Act. Our Board has determined that each of these individuals is “independent” as defined under the applicable listing standards of Nasdaq, including the standards specific to members of a compensation committee and applicable Canadian securities laws.

Our Compensation Committee charter sets forth the responsibilities of the Compensation Committee, which include:

- reviewing, evaluating and making recommendations on the employment, appointment and compensation arrangements of our CEO;

- together with our CEO, reviewing, evaluating and approving the employment, appointment and compensation arrangements for our other executive officers;
- reviewing and recommending our corporate goals;
- overseeing the administration of our Equity Incentive Plan; and
- reviewing, evaluating and making recommendations regarding the compensation and benefits for our non-employee directors.

The Company's compensation philosophy and guiding principles are designed to:

- support the attraction, retention and engagement of global talent and talent mobility while recognizing differences across labor markets, where appropriate;
- engage our talent to achieve critical business and financial objectives, research and development ("R&D") and product milestones that are set by management and the Board, through strategically-aligned annual and long-term incentive programs, as appropriate;
- provide target total direct compensation opportunities that are generally aligned with the competitive market 50th percentile and provide both upside and downside earning potential based on company performance; and
- maintain a disciplined use of equity while appropriately recognizing performance, ensuring alignment with the competitive labor market and long-term shareholder interests.

The Compensation Committee may retain special legal, accounting, financial or other consultants to advise the Compensation Committee at the Company's expense including any executive search firm or any compensation consulting firm. Any such consultant or advisor shall liaise with and be answerable to the Chair of the Compensation Committee, on behalf of the Compensation Committee. See "Executive Compensation" for further information relating to the Compensation Committee's engagement of Willis Towers Watson US LLC ("WTW") as a compensation consultant in respect of, among other things, executive compensation.

We believe that the composition and functioning of our Compensation Committee complies with all SEC and Nasdaq rules and regulations and applicable Canadian securities laws. We intend to comply with future requirements to the extent they become applicable to us.

A copy of our Compensation Committee charter is available for review on the "*Investors & Media - Governance Documents*" page of our Company's website at www.auriniapharma.com.

Governance & Nomination Committee

Our G&N Committee consists of R. Hector MacKay-Dunn, Jill Leversage and Dr. David R.W. Jayne. R. Hector MacKay-Dunn serves as chairperson of the committee. Each of these individuals is a non-employee director, as defined in Rule 16b-3 promulgated under the Exchange Act. Our Board has determined that each of these individuals is "independent" as defined under the applicable listing standards of Nasdaq and applicable Canadian securities laws.

Our G&N Committee charter sets forth the responsibilities of the G&N Committee, which include:

- develop and monitor our overall approach to environmental, social and corporate governance ("ESG") matters, on behalf of the Board;
- making recommendations to the Board regarding corporate governance matters;
- reviewing and evaluating the performance of the Board;
- selecting or recommending to the Board for selection candidates to the Board;
- making other recommendations to the Board regarding affairs relating to our directors; and
- considering whether the Board and the Company's executive team is in need of diversity, including in respect of age and gender, and whether to establish specific diversity targets for the makeup of the Board and the Company's executive team in accordance with the Company's Diversity Policy (as defined below).

We believe that the composition and functioning of our G&N Committee complies with all SEC and Nasdaq rules and regulations and applicable Canadian securities laws. We intend to comply with future requirements to the extent they become applicable to us.

At this time, the G&N Committee does not have a written policy with regard to the consideration of director candidates recommended by shareholders. The G&N Committee believes that it is in the best position to identify, review, evaluate and select qualified candidates for Board membership. However, the G&N Committee would review any shareholder-recommended candidate in substantially the same manner as it would any other candidate, including: 1) reviewing prior experience of the candidate to determine whether they had a background that is appropriate to the Company (including corporate, medical or pharmaceutical experience); and 2) reviewing the existing skill set of the Board (as set out above for the current directors under "*Skills Matrix*") to determine if the candidate was meeting a gap in the existing Board's skill set. The skills set out under "*Skills Matrix*" are currently the broad group of skills that the Board considers desirable to be covered by directors of the Company. Any nominations by shareholders must also be conducted in compliance with the Advance Notice Provisions and the universal proxy rules described under Proposal 1. If the G&N Committee (and the Board, on recommendation of the G&N Committee) determines to nominate a shareholder-recommended candidate, then the name of the shareholder-recommended candidate will be included in our proxy card for the next annual meeting.

In identifying potential candidates, the G&N Committee may take any approaches it considers reasonable. These may include canvassing existing networks of the Board and the Company's management team to identify candidates, reaching out to applicable industry groups, or employing a search firm.

Diversity Policy

The Company has adopted a written policy with respect to the identification and nomination of directors and executive officers (the "Diversity Policy"). The Diversity Policy requires that the Board consider diversity on the Board from a number of aspects, including but not limited to gender, age, ethnicity, cultural diversity and relevant experience. In addition, when assessing and identifying potential new members to join the Board or the Company's executive team, the Board shall consider the current level of diversity on the Board and the executive team. The Board has followed the Diversity Policy in considering the pool of candidates for election and appointment of members of the Board and the executive team.

The G&N Committee regularly considers the Company's Diversity Policy and the diversity needs of the Company and reports to the Board as needed on the Company's advancements related to this policy. In connection with such review, the G&N Committee considers the effectiveness of the Company's approach to diversity and recommends to the Board any changes that it considers appropriate. See the "*Board Diversity Matrix*" in Proposal 1 for further information regarding the diversity of our Board.

A copy of our G&N Committee charter is available for review on the "Investors & Media - Governance and Documents - Corporate Governance Charter" page of our Company's website at www.auriniapharma.com.

Employees

As of December 31, 2023, we employed 303 employees: 257 employees in the United States, 42 employees in Canada, and 4 employees in the United Kingdom, all of whom are expected to live our vision, mission and values, and adhere to the Company's Code of Ethics and Conduct ("Code of Conduct"). As stated in the Company's Code of Conduct, we are committed to treating each of our employees fairly, and to maintaining employment practices based on equal opportunity for all employees. Our Diversity Policy promotes cultural diversity and respects people irrespective of age, race, color, sex, sexual preference, nationality, or physical condition. This policy is a living document that is maintained and reviewed at least annually.

The Compensation Committee of our Board has the primary responsibility for overseeing our human capital management activities, including assessing the effectiveness of employee programs and advising management on strategic goals and overall human resource strategies. Other committees may also have responsibilities that impact our human capital management. Within management, our human resources function has global management responsibility for advising and assisting the business on human resource matters and executing our overall human capital management strategies.

We have no collective bargaining agreements with our employees, and we have not experienced any work stoppages.

All of our employees are required to observe high standards of business and personal ethics in the conduct of their duties and responsibilities. It is the responsibility of all of our employees to comply with our Code of Conduct and to report any actual or suspected misconduct, illegal activities or fraud. To that end, employees are encouraged to report any such activities to their supervisor or our Chief Compliance Officer. Under the oversight of the Audit Committee of our Board, we have established a Whistleblower Policy, which includes that we maintain a whistleblower hotline that is available to all our employees to report any concerns. The hotline is facilitated by an independent third party and all communications are routed to our General Counsel for investigation and resolution. The single exception to this routing is if a complaint implicates the General Counsel, in which case it will automatically go to the Chair of the Audit Committee. We have also defined a Bullying and Harassment Policy and process, which are available to our employees on our internal website.

Corporate Governance and Risk Management

We understand that adhering to established good corporate governance practices is critical to earning and maintaining the trust of our shareholders, customers, employees, and other stakeholders, and is essential to building long-term value. Our G&N Committee is responsible for developing our approach to ESG issues and implementing high standards of corporate governance practices. Our CEO, CFO and Chief Compliance Officer are also responsible for leading and managing our approach to corporate social responsibility.

An effective control system enables companies to pursue their objectives consistently through informed decisions. As part of our commitment, we have established a consistent monitoring and control system across operations. This includes internal

controls over financial reporting, the use of best practices (including good clinical, manufacturing, safety, and other practices), delivered through a comprehensive quality management system ensuring quality control and assurance across the enterprise, accuracy of government reporting and routine internal audits over key functions of our business.

The Company has a proactive approach to addressing risk, helping to safeguard the long-term sustainability of its business. The crisis management and business continuity program enables Aurinia to refresh our list of current risks and mitigating factors and establish crisis management instructions with a detailed plan for each business department outlining critical processes, internal and external dependencies and recovery strategies.

The Information Security Policy, in line with best practices such as GDPR (EU General Data Protection Regulation), manages and executes the information security framework for preserving the confidentiality, integrity, availability, and privacy of our information assets. Routine information security training and updates are rolled out to the employee population and metrics are tracked to ensure we have a strong security posture. An information security update is provided quarterly to the Audit Committee, with a detailed review provided at least annually.

Ethical Business Conduct

The foundation of our corporate governance principles and practices are built on our reputation for openness, integrity, and accountability. It is these principles that guide us every day. We have adopted a Corporate Code of Ethics and Conduct, our Code of Conduct, applicable to all of our employees, executive officers and directors. The Code of Conduct is also available on our website.

The Audit Committee of our Board is responsible for monitoring the implementation of the Code of Conduct and must approve any material changes to or waivers of the Code of Conduct regarding our directors or executive officers, and disclosures made in our annual report in such regard. In addition, we intend to post on our website all disclosures that are required by law or the listing standards of the applicable stock exchange concerning any amendments to, or waivers from, any provision of the Code of Conduct. There have been no waivers from the Code of Conduct sought or granted.

The Code of Conduct is part of our commitment to adhere to the highest levels of ethical, compliance and legal standards. Detailed information on other aspects of our corporate governance policies and programs, which include our Anti-Fraud Policy, are available on our website. In addition to these corporate governance policies, we also maintain written policies and procedures that are established to ensure all of our interactions with health care practitioners are ethical and in line with ever evolving laws and guidance in each of the jurisdictions in which we operate. Each of these are reviewed on a regular basis to ensure they are up to date, and all applicable members of our team are trained on them.

To help foster this culture, we have a Board that is comprised of accomplished leaders from various backgrounds and a breadth of experience in scientific and corporate matters. They set our goals and make determinations on material business initiatives and decisions, as well as set the direction for our business. They also act as an oversight function for our management team. You can see the skills that each of our directors brings earlier in this proxy under the heading "*Nominees for Election - Skills Matrix*".

Hedging Policy

Our Insider Trading Policy prohibits our employees, executive officers, directors and other insiders from engaging in hedging transactions that involve derivative securities such as short sales, puts, calls, and other speculative transactions (excluding stock options that the Company may issue to them) with respect to our common shares at any time regardless of insider status.

PROPOSAL 2**APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Board recommends that shareholders vote for the appointment of PricewaterhouseCoopers LLP, Chartered Professional Accountants ("PwC") as the Company's independent registered public accounting firm until the close of the 2025 annual general meeting of shareholders or until a successor is appointed. PwC has audited the Company's financial statements since at least 1997. In accordance with Section 203 of the Sarbanes-Oxley Act, the lead and concurring partner are subject to rotation requirements after five years. Representatives of PwC are expected to be present at the Meeting. They will have an opportunity to make a statement if they so desire.

Pre-Approval Policy and Procedures

Our Audit Committee has adopted policies and procedures relating to the approval of all audit and non-audit services that are to be performed by our independent registered public accounting firm. These policies and procedures generally provide that we will not engage our independent registered public accounting firm to render audit or non-audit services unless the service is specifically approved in advance by the Audit Committee.

All fees for services provided by PwC during 2023 and 2022 were pre-approved by the Audit Committee in accordance with the pre-approval policy and procedures described above.

Proposed Resolutions

It is proposed that at the Meeting the following resolution be adopted:

"RESOLVED, that the appointment of PricewaterhouseCoopers LLP, Chartered Professional Accountants, an independent registered public accounting firm, as the Company's independent registered public accounting firm to hold office until the close of the 2025 annual general meeting of shareholders or until a successor is appointed, be, and hereby is, approved."

Required Vote

“For” votes from holders of a majority of votes cast on the question is required to approve the appointment of PricewaterhouseCoopers LLP, an independent registered public accounting firm, as the Company’s independent registered public accounting firm to hold office until the close of the 2025 annual general meeting of the Company or until a successor is appointed. “Withhold” or “Abstain” votes will not be counted as a vote cast for purposes of appointing the proposed independent registered accounting firm and broker non-votes will not be counted.

**Our Board of Directors unanimously recommends
that you vote “FOR” the foregoing resolution.**

**PROPOSAL 3
ADVISORY VOTE ON EXECUTIVE COMPENSATION**

In a non-binding advisory vote on the frequency of future say on pay votes held at the annual general and special meeting of shareholders held on June 7, 2021 (the "2021 AGM"), shareholders voted in support of holding a non-binding advisory "say on pay" vote every year (as opposed to every two or three years). The Board considered the outcome of that advisory vote and determined, as was recommended with respect to the proposal by the Board in the proxy statement for the 2021 AGM, that the Company will hold future "say on pay" votes on an annual basis until the occurrence of the next advisory vote on the frequency of "say on pay" votes.

Accordingly, our Board has determined to provide shareholders the opportunity to vote on the Company's executive compensation at the Meeting. This vote is not intended to address any specific item of compensation, but rather the overall compensation of the Company's named executive officers ("NEOs") and the philosophy, policies and practices described in this Proxy Statement/Circular. Since the resolution is advisory in nature, it will not be binding.

The compensation of the Company's NEOs subject to the advisory vote is disclosed in the Compensation Discussion and Analysis, the compensation tables, and the related narrative disclosure contained in this Proxy Statement/Circular. As discussed in those disclosures, the Company believes that its compensation policies and decisions are focused on pay-for-performance principles and strongly aligned with the best interests of the Company, consistent with current market practices. Compensation of the Company's NEOs is designed to enable the Company to attract and retain talented and experienced executives to lead the Company successfully in a competitive environment.

Proposed Resolutions

Accordingly, pursuant to Section 14A of the Exchange Act, the Board is asking the shareholders to indicate their support for the compensation of the Company's NEOs as described in this Proxy Statement/Circular by casting a non-binding advisory vote "FOR" the following non-binding resolution:

"RESOLVED, on an advisory basis and not to diminish the role and responsibilities of the board of directors, that the shareholders approve the executive compensation paid to the Company's named executive officers disclosed in the Company's proxy statement for the annual general meeting of shareholders of the Company held on June 14, 2024."

Required Vote

Because the vote is advisory, it is not binding on the Board or the Company. Nevertheless, the views expressed by the shareholders, whether through this vote or otherwise, are important to management and the Board and, accordingly, the Board and the Compensation Committee intend to consider the results of this vote in making determinations in the future regarding executive compensation arrangements.

Advisory approval of this proposal requires the vote of the holders of a majority of votes cast on the question. Abstentions and broker non-votes will have no effect.

**Our Board of Directors unanimously recommends
that you vote "FOR" the foregoing resolution.**

PROPOSAL 4**AMENDMENT TO EQUITY INCENTIVE PLAN**

At the 2021 AGM, our Equity Incentive Plan was amended to, among other things, remove the "evergreen" allocation methodology to determine the maximum aggregate number of our shares ("Plan Shares") which may be issued as equity awards to our employees. The amendment allowed for a fixed maximum number of Plan Shares of 23,815,115. Having a fixed maximum number plan allows our shareholders to have direct input on our equity compensation program, and ensures our long-term incentives align the interests of our employees with the interests of our shareholders. However, as of April 30, 2024, we have only 1,358,715 remaining Plan Shares available for issuance under the Equity Incentive Plan. Any increase to the number of Plan Shares available under the Equity Incentive Plan requires approval of our shareholders.

We have conducted, with the assistance of our compensation advisors, WTW, a review and analysis of the Equity Incentive Plan and equity outstanding. As a result of that review, we are proposing an amendment to the Equity Incentive Plan to increase the fixed maximum number of Plan Shares from 23,815,115, to 35,190,115 (the "Plan Amendment"), an increase of 11,375,000 Plan Shares and representing, in aggregate, 24.7% of total shares outstanding as of April 30, 2024. If the Plan Amendment is not approved, our ability to both attract new talent, as well as retain our existing pool of employees, may be negatively impacted, as the ability to grant awards is an important tool for recruitment and retention of our workforce.

The following table summarizes shares available under the Equity Incentive Plan and outstanding equity as of the Record Date:

Shares Available for Future Issuance as of the Record Date	1,358,715
Options Outstanding as of the Record Date ⁽¹⁾	11,086,318
Weighted Average Exercise Price of Options Outstanding ⁽¹⁾	\$11.39
Weighted Average Remaining Term of Options Outstanding ⁽¹⁾	6.7
Full-Value Awards Outstanding as of the Record Date ⁽²⁾	8,762,154
Common Shares Outstanding as of the Record Date ⁽³⁾	142,663,526

(1) The Options Outstanding include 2,953,864 options granted as inducement material.

(2) The Full-Value Awards Outstanding include 261,181 awards granted as inducement material.

(3) Common Shares Outstanding as of the Record Date has been adjusted to exclude 355,839 shares repurchased by the Company that are outstanding and are being submitted for cancellation.

No other substantive amendments are proposed to the Equity Incentive Plan. Certain minor housekeeping amendments are also proposed, as outlined in Appendix C.

The Plan Amendment was approved by the Board on April 26, 2024.

If the Plan Amendment is not approved, the Equity Incentive Plan, without amendment, will continue unaffected.

Summary of the Material Terms of the Equity Incentive Plan

The following summary describes the material terms of the Equity Incentive Plan and provides a general description of the U.S. federal income tax consequences applicable to certain transactions involving awards under the Equity Incentive Plan. A summary of the principal features of the Equity Incentive Plan is provided below, but is qualified in its entirety by reference to the full text of the Equity Incentive Plan which is attached hereto as Appendix C to Proxy Statement/Circular and includes the proposed amendment (proposed additions are indicated by **bold, underlined italicized text** and proposed deletions by over striking).

On April 30, 2024, the closing price of our common shares on the NasdaqGlobal Select Market was \$5.09.

Administration. The Equity Incentive Plan is administered by the Board (or a committee thereof) which has the power to (i) grant awards (options, performance awards, restricted units, or restricted stock units), (ii) reserve common shares for issuance upon the exercise of awards, (iii) determine the terms, limitations, restrictions and conditions respecting award grants, (iv) interpret the Equity Incentive Plan and adopt, amend and rescind such administrative guidelines and other rules and regulations

relating to the Equity Incentive Plan, and (v) make all other determinations and take all other actions in connection with the implementation and administration of the Equity Incentive Plan.

Number of Securities Issuable. The Equity Incentive Plan is a fixed maximum incentive plan that reserves, for issuance pursuant to awards, a maximum number of 23,815,115 common shares. The number of securities issuable pursuant to the Equity Incentive Plan is proposed to be amended as described above.

Eligible Persons. "Service Providers" are eligible to receive grants of awards under the Equity Incentive Plan. "Service Providers" is defined as bona fide directors, officers, employees, management company employees and consultants and also includes a company of which 100% of the share capital is beneficially owned by one or more individual Service Providers. As of April 30, 2024, 229 employees and 8 non-executive directors would be eligible to participate in the Equity Incentive Plan.

Shareholder Approval. Shareholder approval for matters relating to the Equity Incentive Plan, including amendments thereto, is only required if amendments are being made to the amended Equity Incentive Plan that require shareholder approval, whether pursuant to the terms of the Equity Incentive Plan or applicable securities laws and regulations. In particular, shareholder approval is required to issue any additional common shares under the Equity Incentive Plan, allowing our shareholders to have direct input on our equity compensation program, and to ensure our long-term incentives align the interests of the employees with the interests of our shareholders.

Express prohibition on the "liberal" recycling of shares The Equity Incentive Plan includes an express prohibition on the liberal recycling of Plan Shares. For example, shares surrendered or withheld in the payment of the exercise or purchase price of any award or to satisfy tax withholding obligations with respect to an award do not return to the Equity Incentive Plan to be granted pursuant to future awards.

Grants to One Person. The number of common shares reserved for issue to any one person under the Equity Incentive Plan may not exceed 5% of the outstanding common shares at the time of grant less any common shares reserved for issuance to such person under share compensation arrangements other than the Equity Incentive Plan.

Exercise Price of Stock Options. The exercise price of stock options under the Equity Incentive Plan will be set by the Board at the time of grant and cannot be less than the Market Price (defined in the Equity Incentive Plan as the closing trading price for the common shares on the stock exchange with the highest volume of trading on the day immediately prior to the date of grant).

Vesting. Vesting of awards is at the discretion of the Board. No time-based award may vest until at least 12 months following the date of grant of such award and no performance-based award may have a performance period of less than 12 months, except that (a) shares issued in satisfaction of fully vested cash obligations, and (b) up to 5 percent of the share reserve of the amended Equity Incentive Plan may be subject to awards that do not meet such vesting requirements.

Term of Awards. Awards granted under the Equity Incentive Plan will have a maximum term of ten years from their date of grant.

No Assignment. All awards will be exercisable only by the recipient to whom they are granted and are non-assignable and non-transferable other than in the case of death where the applicable awards will become exercisable by the holder's lawful personal representatives, heirs or executors until the earlier of one year after the date of death and the expiry date of such awards.

Termination of Exercise Right. No awards may be exercised after the holder has left the employ or service of the Company except as follows:

- in the event of the holder's death, any vested award held by the holder at the date of death will be exercisable by the holder's lawful personal representatives, heirs or executors until the earlier of 12 months after the date of death and the date of expiration of the term otherwise applicable to such award;
- in the event of a holder's disability, any vested award held by the holder will be exercisable until the earlier of 12 months after the date the Board makes a determination of disability and the date of expiration of the term otherwise applicable to such award;
- generally speaking, vested awards will expire 90 days after the date the holder ceases to be employed by, provide services to, or be a director or officer of, the Company, and any unvested awards shall immediately terminate.

Acceleration of Vesting. Notwithstanding the above disclosure under the heading "Termination of Exercise Right", if an employee awards employment terminates by reason of death or disability or without cause, and such employee was continuously employed by the Company for a minimum of three (3) years, any awards held by such employee shall become fully vested and exercisable and may thereafter be exercised during the time periods set out above.

Change In Control Specifications. The Equity Incentive Plan states with specificity the change in control vesting treatment for awards. Specifically, whether or not awards granted under the Equity Incentive Plan are proposed to be assumed in a change in control transaction, the awards with time based vesting requirements or restrictions would vest immediately prior to, and contingent on, the effectiveness of the change in control, and awards with performance based vesting requirements would vest immediately prior to, and contingent on, the effectiveness of the change in control with a deemed achievement of 100% of the performance metrics. In the event of a change in control, all awards will terminate unless they are assumed by the surviving entity or equitably converted, substituted or continued as part of the change in control. In that event, recipients will have a reasonable period prior to the effectiveness of the change in control to exercise the vested portion of any award prior to its termination.

Extension of Expiry Period. If an award which has been previously granted is set to expire during a period in which trading in securities of the Company by the holder is restricted by a black-out, or within nine business days of the expiry of a black-out, the expiry date of the award will be extended to ten business days after the trading restrictions are lifted.

New Plan Benefits

The issuance of any awards under the Equity Incentive Plan is at the discretion of the Compensation Committee. In addition, the benefit of any awards granted under the Equity Incentive Plan depend on a number of factors, including the fair market value of our common shares on future dates, among other things. Therefore, it is not possible to determine the amount or form of any award that will be granted to any individual in the future.

Additional Plan Information

The outstanding aggregate number of common shares subject to stock options and other equity awards under the Equity Incentive Plan since its inception through and including April 30, 2024 is set forth in the table below. The closing price of a Share on April 30, 2024 was \$5.09 per share.

⁽²⁾ Stock awards were in the form of restricted stock units and performance awards. Unearned performance-based awards are reflected assuming "maximum" performance and earned performance-based awards are reflected at the earned share amounts. See the CD&A for additional details.

Material United States Federal Income Tax Consequences

The following summarizes material United States federal income tax consequences of awards that may be granted under the Equity Incentive Plan. The information set forth below is a summary only and does not purport to be complete. The information is based upon current federal income tax rules and therefore is subject to change when those rules change. Because the tax consequences to any recipient may depend on his or her particular situation, each recipient should consult the recipient's tax adviser regarding the federal, state, local, and other tax consequences of the grant or exercise of an award or the disposition of stock acquired as a result of an award. The Equity Incentive Plan is not qualified under the provisions of Section 401(a) of the Code and is not subject to any of the provisions of the Employee Retirement Income Security Act of 1974.

Nonstatutory Stock Options. Generally, there is no taxation upon the grant of a nonstatutory stock option if the stock option is granted with an exercise price equal to the fair market value of the underlying stock on the grant date. On exercise, an option holder will recognize ordinary income equal to the excess, if any, of the fair market value on the date of exercise of the stock over the exercise price. If the option holder is employed by us or one of our affiliates, that income will be subject to withholding taxes. We will generally be entitled to a tax deduction equal to the taxable ordinary income realized by the option holder.

Incentive Stock Options. The Equity Incentive Plan provides for the grant of stock options that qualify as “incentive stock options,” as defined in Section 422 of the Internal Revenue Code of 1986, as amended (the “Code”). Under the Code, an option holder generally is not subject to ordinary income tax upon the grant or exercise of an incentive stock option (“ISO”) (although, in certain circumstances, there may be an item of adjustment included for alternative minimum tax purposes). If the option holder holds a share received on exercise of an ISO for more than two years from the date the stock option was granted and more than one year from the date the stock option was exercised, which is referred to as the required holding period, the difference, if any, between the amount realized on a sale or other taxable disposition of that share and the holder’s tax basis in that share will be long-term capital gain or loss. If, however, an option holder disposes of a share acquired on exercise of an ISO before the end of the required holding period, which is referred to as a disqualifying disposition, the option holder generally will recognize ordinary income in the year of the disqualifying disposition equal to the excess, if any, of the fair market value of the share on the date the ISO was exercised over the exercise price.

We are not allowed an income tax deduction with respect to the grant or exercise of an ISO or the disposition of a share acquired on exercise of an ISO after the required holding period. If there is a disqualifying disposition of a share, however, we are generally allowed a deduction in an amount equal to the ordinary income includible in income by the option holder.

Restricted Stock Awards. Generally, the recipient of a restricted stock award will recognize ordinary income at the time the stock is received equal to the excess, if any, of the fair market value of the stock received over any amount paid by the recipient in exchange for the stock. If, however, the stock is not vested when it is received (for example, if the employee is required to work for a period of time in order to have the right to sell the stock), the recipient generally will not recognize income until the stock becomes vested, at which time the recipient will recognize ordinary income equal to the excess, if any, of the fair market value of the stock on the date it becomes vested over any amount paid by the recipient in exchange for the stock. A recipient may, however, file an election with the Internal Revenue Service, within 30 days following his or her receipt of the stock award, to recognize ordinary income, as of the date the recipient receives the award, equal to the excess, if any, of the fair market value of the stock on the date the award is granted over any amount paid by the recipient for the stock. We will generally be entitled to a tax deduction equal to the taxable ordinary income realized by the recipient of the stock award.

Restricted Stock Unit (RSU) and Performance Awards (PA). A distribution of common shares or a payment of cash in satisfaction of restricted stock units or a performance award will be taxable as ordinary income when the distribution or payment is actually or constructively received by the recipient. Generally, the recipient of a stock unit structured to conform to the requirements of Section 409A of the Code or an exception to Section 409A of the Code will recognize ordinary income at the time the stock is delivered equal to the excess, if any, of the fair market value of the shares received over any amount paid by the recipient in exchange for the shares. We will generally be entitled to a tax deduction equal to the taxable ordinary income realized by the recipient of the stock award.

Dividend Equivalent Rights. Recipients under the amended Equity Incentive Plan who receive awards of dividend equivalent rights will be required to recognize ordinary income in the amount distributed to the recipient pursuant to the award. If the Company complies with applicable reporting requirements, it will be entitled to a business expense deduction in the same amount and generally at the same time as the recipient recognizes ordinary income.

Unrestricted Shares. A holder of unrestricted common shares will be required to recognize ordinary income in an amount equal to the fair market value of the shares on the date of the award, reduced by the amount, if any, paid for such shares. The Company will be entitled to deduct the amount of any ordinary income taxable to the recipient if it complies with applicable reporting requirements.

Upon the holder’s disposition of unrestricted shares, any gain realized in excess of the amount reported as ordinary income will be reportable by the holder as a capital gain, and any loss will be reportable as a capital loss. Capital gain or loss will be long-term if the holder has held the shares for more than one year. Otherwise, the capital gain or loss will be short-term.

Tax Withholding. Ordinary income taxable to an employee in connection with an award generally is subject to withholding.

Section 162(m) Limitations. Under Section 162(m) of the Code (“Section 162(m)”), compensation paid to each of the Company’s “covered employees” that exceeds \$1 million per taxable year is generally non-deductible. Although the Compensation Committee will continue to consider tax implications as one factor in determining executive compensation, the Compensation Committee also looks at other factors in making its decisions and retains the flexibility to provide compensation for the Company’s named executive officers in a manner consistent with the goals of the Company’s executive compensation program and the best interests of the Company and its stockholders, which may include providing for compensation that is not deductible by the Company due to the deduction limit under Section 162(m).

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Aurinia Corporate Strategy

At Aurinia, we are dedicated to transforming the lives of people living with lupus nephritis (LN). We are committed to serving the interests of the patient community and supporting the healthcare providers in delivering this important therapy to patients in need, which allows us in turn to deliver value to all stakeholders, including our shareholders.

With these goals in mind, the Board and management are focused on acting in the best interests of the Company to enable sustainable long-term value for shareholders, while staying true to our core mission of changing the trajectory of autoimmune disease. To help drive both near- and long-term value, our strategy is directed across three key areas: excellence in commercial execution, streamlining operations, and maximizing free cash flows that contribute to value and potential growth.

Commercial Execution

We are focused on driving LUPKYNIS® revenues through excellence in commercial execution. LUPKYNIS is a best-in-class medicine with a strong and supportive base of clinical evidence. LUPKYNIS has a significant role in LN treatment that aligns with the most current medical guidelines. As the LN population can be characterized as both under-diagnosed and underserved, and as suggested by the consistent and strong growth in sales, we believe there remains significant untapped potential in the LN market.

An established body of research, including recent peer-reviewed reports and claims data audits, shows that a high percentage of systemic lupus erythematosus (SLE) patients and LN patients do not receive urinary screenings at every visit. In LN, routine screenings at every visit are recommended by current evidence-based guidelines. If these patients are screened, they are frequently going untreated, even when proteinuria levels indicate treatment is necessary. Therefore, to develop the LN market and ensure LUPKYNIS achieves full commercial potential, our commercial strategy focuses on educating physicians about the seriousness of LN and the importance of adhering to established disease management guidelines. We aim to position LUPKYNIS as a vital component of therapy for LN by presenting compelling clinical data that showcases its differentiated, long-term efficacy and safety profile.

Additionally, because the LN patient population has historically been underserved and often faces significant barriers to receiving care, reaching these patients requires multiple forms of outreach and engagement. This patient population requires a range of support in terms of disease education and how to access treatment. We have several initiatives, from the grassroots level to broader digital and social campaigns, designed to encourage patients to proactively discuss screening and treatment with their physicians. These include our “All In” and “Get Uncomfortable” awareness campaigns, providing LN patient support and engagement on the importance of screening, applying best industry practices in pharmaceutical outreach and advocacy.

Streamlined Operations

We have recently streamlined operations through a corporate restructuring that eliminated the majority of our research and development infrastructure and reduced employee headcount by approximately 25%. This will result in one-time charges of approximately \$7 million. Streamlining operations has allowed us to dedicate resources to our commercial activities and increase options for future growth by strengthening our balance sheet. Taking decisive action to preserve the long-term value of Aurinia and enable growth is a key component of our commitment to responsible stewardship of the company’s future.

Generating Free Cash Flow

We have estimated that we will cut \$50 to \$55 million in operating expenses and expect approximately 75% of that will be recognized during 2024. With this reduction in operating expenses and our focus on LUPKYNIS growth, we expect to be free cash flow positive by the second quarter of 2024, excluding share repurchases. We have also initiated a share repurchase program of up to either 15% of our share capital in any 12-month period over the next 36 months, or \$150 million, whichever is less, affirming our confidence in our growth prospects.

2023 Accomplishments

In 2023, Aurinia generated \$175.5 million in total net revenue, a 31% increase over the previous year. In LUPKYNIS specific net product revenue, we generated \$158.5 million in 2023, representing a 53% increase over the previous year. We estimate net product revenue guidance of \$200 - \$220 million in 2024, an increase of 26% - 39% over 2023 net product revenue. We have seen consistent,

strong growth over time in LUPKYNIS sales revenues since commercial launch with an annual growth rate in excess of 53%. We also hold cash, cash equivalents, restricted cash, and investments of approximately \$350.7 million as of December 31, 2023. A strong balance sheet reflects a commitment to delivering long-term, sustainable value and allows us freedom to execute and potentially diversify in the future.

2023 Accomplishments

Corporate Milestones

Thanks to strong leadership, resilience, and dedication to excellence in operational and commercial execution, Aurinia achieved significant corporate milestones in 2023.

- Full results of AURORA Phase 2 extension study published in *Arthritis & Rheumatology*
- Key LUPKYNIS® data presented at top rheumatology and nephrology conferences, including ACR, CCR, ASN, and NKF
- Updated clinical guidelines call for a new treatment paradigm for lupus nephritis
- LUPKYNIS® introduction and uptake outside the U.S., particularly with progress in Europe and Japan
- Awareness and patient activation initiatives, including “Get Uncomfortable,” campaign
- Continuing to build LUPKYNIS® patent portfolio

Lupkynis® Product Performance Key Highlights

- More Patients on Therapy
- Increased Patient Restarts
- Hospital Channel Approach
- Strong Conversion Rates
- Long-Term Adherence
- High Persistency (55% at 12 months)
- Stable Persistency (49% at 15 months; 44% at 18 months)

Product Performance Key Highlights

- **More Patients on Therapy:** Approximately 2,066 patients are actively receiving LUPKYNIS therapy as of December 31, 2023, compared to 1,525 at the end of 2022. From January 1 through the end of December 2023, we recorded 1,791 Patient Start Forms (PSFs), compared to 1,650 in the prior year. Since launch, we have achieved over 5,000 total PSFs and over 4,500 total patients have been exposed to LUPKYNIS.
- **Increased Patient Restarts:** In the fourth quarter of 2023, the Company reported patient restarts as a new leading metric, as prior to the fourth quarter, the number of restarts was immaterial. In the fourth quarter of 2023, approximately 101 patients either restarted LUPKYNIS therapy or began receiving LUPKYNIS through a hospital pharmacy.
 - Restarts represent patients who have ceased therapy for an extended period of time and have now come back onto therapy.
 - Restarts in particular help demonstrate that physicians are comfortable using LUPKYNIS in a first line treatment setting.
 - Restarts also likely indicate broadening recognition of the importance of maintaining LUPKYNIS treatment for individual patients over a sustained period.
- **Hospital Channel Approach:** Regarding sales from the hospital distribution channel, we ship a known quantity of wallet packages to hospital pharmacies, allowing us to estimate how many patients are addressed based on average wallet utilization across all patients.
 - We are exploring strategic approaches to this channel and addressing some of the complexities inherent in hospital systems and integrated healthcare networks.

- **Strong Conversion Rates:** We continued to strongly support the evidence-based, appropriate, conversion of patients receiving other medications to LUPKYNIS, and significantly improved the time it takes to get patients on therapy. Conversion rates were sustained, with approximately 85% of PSFs converted to patients on therapy. Time to convert improved to an all-time high, with approximately 63% of patients on therapy by 20 days.
- **Long-term Adherence:** Patients remain on therapy over the long term, in a manner consistent with treatment guidelines. The overall adherence rate remained high at 86% through the fourth quarter of 2023. Persistency at 12 months was 55% and remained fairly stable, with 49% of patients remaining on therapy at 15 months and 44% at 18 months.

Corporate Milestones

Thanks to strong leadership, resilience, and dedication to excellence in operational and commercial execution, Aurinia achieved significant corporate milestones in 2023.

- Several significant data publications and presentations demonstrate the ongoing clinical value of LUPKYNIS. *Arthritis & Rheumatology* published the full results of the AURORA 2 Phase 3 extension study showing that kidney preservation, sustained renal response, and reductions in steroid use were achieved with LUPKYNIS for up to three years.
- A biopsy sub-study of the AURORA 1 Phase 3 trial, presented at the Congress of Clinical Rheumatology East, American College of Rheumatology Convergence 2023, and American Society of Nephrology Kidney Week 2023 Convergence, showed that LUPKYNIS can provide significantly earlier and greater reductions in proteinuria while allowing patients to maintain stable renal function with no evidence of chronic injury, further strengthening the overall evidence supporting the long-term safety of LUPKYNIS.
- Updated EULAR (European Alliance of Associations for Rheumatology) and KDIGO (Kidney Disease Improving Global Outcomes) guidelines call for a new treatment paradigm for LN, including routine screenings at every visit, using LUPKYNIS as a first line treatment with standard of care therapies, significantly reducing steroid dosing, and remaining on treatment for three to five years.
- LUPKYNIS continued commercial introduction and uptake in regions outside the U.S. Aurinia's collaboration partner, Otsuka Pharmaceutical Ltd. (Otsuka), achieved several regulatory approvals for LUPKYNIS in Europe, including in the UK, Scotland, Switzerland, and Italy, triggering a \$10 million pricing and reimbursement milestone payment. Otsuka also filed a new drug application for voclosporin for the treatment of LN with Japanese Regulatory authorities in November 2023.
- Aurinia is leading the way in implementing innovative disease awareness and patient activation initiatives that reach patients with critical messages about the seriousness of LN and the urgent need to be screened at every clinic visit. In the first half of 2023, Aurinia launched "Get Uncomfortable," an LN disease awareness campaign, with Grammy Award winning singer Toni Braxton, who has been living with lupus since 2008, as the campaign spokesperson. To-date, the campaign has generated millions of impressions and hundreds of thousands of visits to the campaign website, GetUncomfortable.com.
- Importantly, Aurinia has and continues to build a robust patent portfolio covering LUPKYNIS for composition of matter and methods of use. Most notably, in April 2023, the United States Patent and Trademark Office issued a new and refined method of use patent for LUPKYNIS that provides patent protection up to 2037, which is listed in the Orange Book.

Board Evolution

In 2023, the Board appointed Karen Smith, M.D., Ph.D., Robert Foster, Pharm. D., Ph.D., and Jeffrey A. Bailey to the Board, bringing with them decades of combined leadership experience in the pharmaceutical and biotechnical industry. Dr. Foster's appointment occurred in connection with a cooperation agreement entered into among MKT Capital Ltd., MKT Tactical Fund, SP, Antoine Khalife and the Company on September 21, 2023.

Conclusion

At Aurinia, we have a deeply experienced team that is dedicated to ensuring that every appropriate LN patient can access LUPKYNIS. We are driven to make an impact for our patient communities as advocates and partners in innovation, and for our employees by ensuring they have a sense of fulfillment and purpose in their work, particularly in a shared vision of how we can improve patient care.

We thank our shareholders for trusting us with capital as we build a sustainable company. We are working with urgency to execute actions focused on enhancing value for all shareholders.

Engaging with our Shareholders and Maintaining High Standards of Corporate Governance

During the past year, our management team and directors have had over 170 touchpoints with investors and potential investors, including investors representing in aggregate approximately 25% of our shares outstanding as of December 31, 2023. Representatives of Aurinia have made a concentrated effort to engage with our shareholders to ensure they were properly apprised of our corporate strategy, recent developments, and to hear our investors' views on matters important to the business. Dr. Billen, Chair of our Board and of our Compensation Committee, is continuing this engagement with an executive compensation-focused outreach to shareholders holding approximately 26% of our common shares, feedback from which will be factored into the Compensation Committee's future deliberation on executive compensation.

In the lead up to the 2023 AGM, certain shareholders made public requests for the Company to initiate a strategic review process. After the 2023 AGM, the Board initiated a robust strategic review at the end of June 2023 to review all strategic options for the Company. Together with management, JP Morgan, the Company's financial advisor in the strategic review process, engaged with more than 60 parties, receiving only one non-binding expression of interest, which included a due diligence process, but did not result in a formal offer.

We are committed to ensuring we maintain strong corporate governance and as part of that commitment, we appointed 3 new board members in 2023. In 2023, the Board appointed Karen Smith, M.D., Ph.D., Robert Foster, Pharm. D., Ph.D., and Jeffrey A. Bailey to the Board, bringing with them decades of combined leadership experience in the pharmaceutical and biotechnical industry. Dr. Foster's appointment occurred in connection with a cooperation agreement entered into among MKT Capital Ltd., MKT Tactical Fund, SP, Antoine Khalife and the Company on September 21, 2023.

Our strong corporate governance is coupled by our commitment to Board refreshment – all of Aurinia's current directors have joined the Board within the last nine years.

Advisory Vote on Executive Compensation

In keeping with our commitment to high standards of corporate governance, our goal is to provide clear and comprehensive disclosure of Aurinia's executive compensation and approach so shareholders can make an informed decision when casting an advisory vote on executive compensation (say-on-pay) at the Meeting.

We submitted our approach to compensation to an advisory say on pay vote at the annual general meeting for the year ended December 31, 2022, held in May 2023 (the "2023 AGM"). Of the common shares voted at that meeting, 38.6% of shareholders voted in favor of the approach to compensation. While the vote was advisory and non-binding, our Board and Compensation Committee took this vote into account when planning matters relating to the Company's approach to executive compensation for compensation matters determined following the 2023 AGM.

Continuing the shareholder engagement that had resulted from the outcome of the advisory vote on executive compensation following the 2022 AGM, our Chairman of the Board and Chair of the Compensation Committee reached out to 50 of our largest shareholders (based on available records) to bolster these discussions, specifically directed to discuss our approach to executive compensation.

Our Chairman of the Board and Compensation Committee has initiated a similar approach this year, connecting with our investors, to ensure we are aligned with our shareholder's expectations and providing an opportunity to share more in-depth information on our strategy.

While this vote is not binding on the Board or Aurinia, the views expressed by our shareholders, whether through this vote or otherwise, are important to management and the Board. Accordingly, the Board and the Compensation Committee intend to consider the results of this vote in making determinations in the future regarding executive compensation and compensation philosophy.

Over the past few years, in response to our shareholder discussions, we have:

- Adopted a share ownership policy for our directors and executive officers
- Adopted a clawback policy applicable to our executive officers
- Returned to a regular cadence for equity grants for our executive officers
- Included more performance-based metrics into our equity awards for our executive officers
- Involved our Board in shareholder outreach efforts

The Compensation Committee has also implemented 2024 goals, aligned with the imperatives on sales acceleration and cash flow positivity. Importantly, all compensation decisions are based on advice from an independent compensation consultant, Willis Towers Watson, in terms of maintaining market competitiveness.

Overview

This Compensation Discussion and Analysis discusses our executive compensation policies and how and why our Compensation Committee arrived at specific compensation decisions for the year ended December 31, 2023. It provides qualitative information on the factors relevant to these decisions and the manner in which compensation is awarded to our NEOs for the fiscal year ended December 31, 2023, which consist of our principal executive officer, our principal financial officer and our three other most highly compensated executive officers as of December 31, 2023. Our NEOs for 2023 were:

Name	Position(s)
<i>Peter Greenleaf</i>	<i>Chief Executive Officer and Director</i>
<i>Joe Miller</i>	<i>Chief Financial Officer</i>
<i>Max Donley</i>	<i>Executive Vice President, Operations and Strategy</i>
<i>Stephen Robertson</i>	<i>Executive Vice President, General Counsel, Corporate Secretary and Chief Compliance Officer</i>
<i>Volker Knappertz⁽¹⁾</i>	<i>Executive Vice President, Research & Development</i>

⁽¹⁾ Volker Knappertz was appointed as the Company's Executive Vice President, Research & Development effective July 14, 2022. His employment with the company ceased as of March 4, 2024.

Information about the compensation awarded to the NEOs can be found in the "Summary Compensation Table" and related compensation tables below.

Executive Summary

The important features of our executive compensation program include the following:

- **A substantial portion of executive pay is tied to performance.** We structure a significant portion of our NEOs' compensation to be variable, at risk and tied directly to our measurable performance.
- **Our executive bonuses are dependent on the Company's and the executive's performance in achieving annually determined goals and objectives.** Our annual performance-based bonus opportunities for all of our non-CEO NEOs are determined by the Compensation Committee in its sole discretion based upon the Company's and the NEO's achievement of goals and objectives determined on an annual basis by our Board on the recommendation of the Compensation Committee. The CEO does not have any individual goals, as the CEO's goals are solely based on the overall corporate goals, which are determined by the entire Board on recommendation from the Compensation Committee. For the other NEOs, the weighting for corporate goals is 80% and individual goals is 20%.
- **We emphasize long-term equity incentives.** Equity awards such as restricted stock units (RSUs) and performance awards (PAs) are an integral part of our executive compensation program and comprise the most significant "at-risk" portion of our NEOs compensation package. These awards strongly align our NEOs' interests with those of the Company by providing a continuing financial incentive to maximize long-term value of the Company and by encouraging our NEOs to remain in our long-term employment.
- **Our Compensation Committee is advised by an independent third-party compensation consultant and retained by the Compensation Committee (not management)** for guidance in making compensation decisions. The compensation consultant advises the Compensation Committee on market practices, including identifying a peer group of companies and their compensation practices so that our Compensation Committee can regularly assess the Company's individual and total compensation programs against these peer companies, the general marketplace and other industry data points, as appropriate.
- **We generally do not provide executive fringe benefits or perquisites** to our executives. Any perquisites provided to our executives are for matters in conjunction with their services as executives of the Company.
- **We do not generally provide our executive officers with any excise tax gross ups.**

Objectives, Philosophy and Elements of Executive Compensation

The Company's executive compensation program and strategy is designed to:

- support the attraction, retention and engagement of global talent and talent mobility while recognizing differences across labor markets, where appropriate;
- engage our talent to achieve critical business and financial objectives, R&D and product milestones that are set by management and the Board, through strategically-aligned annual and long-term incentive programs, as appropriate;
- provide target total direct compensation opportunities that are generally aligned with the competitive market 50th percentile and provide both upside and downside earning potential around the 50th percentile based on company and individual performance; and
- maintain a disciplined use of equity while appropriately recognizing performance, ensuring alignment with the competitive labor market and long-term shareholder interests.

To further these objectives, the Compensation Committee oversees the design of the compensation program that appropriately aligns pay and performance outcomes and are reflective of competitive market practice relative to other pharmaceutical companies of similar size and commercial stage. It also aligns the annual cash incentive (bonus) program to the achievement of objectives that will drive future success and enhance the value of the Company by linking a significant portion of the bonus program to overall corporate performance and attainment of specific value enhancing goals and milestones. The Compensation Committee assesses the performance of the Company's CEO in accordance with these objectives and makes recommendations to the Board, and the Board approves all decisions regarding the CEO's compensation.

Annually, specific and measurable performance objectives are defined for each executive officer that are aligned with the annual corporate objectives.

For 2023, the overall corporate level objectives against which the executive officers were evaluated, included financial and shareholder value targets, commercialization of LUPKYNIS, R&D and LUPKYNIS portfolio progression, and business development.

The Company's compensation program and strategy for its executive officers consists primarily of three main elements: base salary, an annual cash incentive (bonus) and equity-based compensation.

Element of Compensation	Objectives	Key Features
Base Salary (fixed cash)	Provides fixed compensation that reflects the executive's experience and responsibilities, and is reasonably aligned with salaries of executives with similar responsibilities and experience at comparable companies.	<ul style="list-style-type: none"> • Reviewed annually • Determined based on a number of factors (including individual performance and the overall performance of our Company) and by reference, in part, to market data from peer companies provided by our independent compensation consultant.
Annual Performance Incentive (at-risk cash)	Designed to provide performance-based, annual one-time additional cash compensation based on achievement. Motivates executive officers to work toward achievement of the Company's goals and strategic objectives as well as individual goals and objectives. Underscores pay for performance philosophy.	<ul style="list-style-type: none"> • Reviewed annually • Target bonus amounts are determined based on a combination of internal equity and external market competitiveness. • Bonus payouts are dependent upon achievement of specific corporate performance objectives consistent with our long-term strategic plan and individual performance objectives.
Long-Term Incentive (at-risk equity)	Designed to align the long-term interests of the executive officers and key employees with those of shareholders to reward the achievement of the long-term objectives of the Company. Underscores pay for performance philosophy. Supports the attraction of highly qualified executives and encourages their continued employment over the long-term.	<ul style="list-style-type: none"> • Reviewed annually • Equity awarded by the Compensation Committee (other than to the CEO, which are awarded by the Board, on recommendation from the Compensation Committee). • Individual awards are determined based on a number of factors, to include internal equity and external market competitiveness, individual and/or company performance, requirements and/or other inputs.

We focus on providing a market-aligned compensation package to our executive officers which provides competitive base compensation along with significant short and long-term incentives for the achievement of measurable Company and executive officer goals and objectives. We believe that this approach provides an appropriate blend of short-term and long-term incentives to maximize alignment between management and the best interests of the Company.

We have a compensation philosophy for allocating total compensation among salary, performance bonus awards and long-term equity grants (a portion of which are performance-based grants). The Compensation Committee with input from its compensation consultant regarding market competitive assessments of the Company's peer group, uses its judgment to establish a total compensation program for each NEO that is a mix of base salary, short-term and long-term incentive compensation, and cash compensation, that it believes appropriate to achieve the goals of the executive compensation program and our corporate objectives.

The below charts illustrate the CEO and average NEO compensation mix between short term (base salary, annual performance incentive and other pay) and long-term incentives for 2023.

How We Determine Executive Compensation

Role of our Compensation Committee, Management and the Board

The Compensation Committee is appointed by the Board and has responsibilities related to the compensation of the Company’s directors, officers, and employees and the development and administration of the Company’s compensation plans. For details on the Compensation Committee’s oversight of the executive compensation program, see the section titled “*Compensation Committee*” of this Proxy Statement/Circular. Our Compensation Committee consists solely of independent members of the Board.

The Compensation Committee meets periodically throughout the year to manage and evaluate our executive compensation program, and generally determines the principal components of compensation (base salary, performance bonus and equity awards) for our executive officers on an annual basis; however, decisions may occur at other times for new hires, promotions or other special circumstances as our Compensation Committee determines appropriate. The Compensation Committee does not delegate authority to approve executive officer compensation. The Compensation Committee does not maintain a formal policy regarding the timing of equity awards to our executive officers.

Role of Executive Officers in Compensation Decisions

The Compensation Committee assesses the performance of the Company’s CEO and makes recommendations to the Board, and the Board approves all decisions regarding the CEO’s compensation. The Compensation Committee consults with and receives input and recommendations from the CEO regarding the performance, assessment and compensation of all the other executive officers and determines the compensation of such executives. From time to time, various other members of management and other employees as well as outside advisors or consultants may be invited by the Compensation Committee to make presentations, provide financial or other background information or advice or otherwise participate in the Compensation Committee meetings. Although the Compensation Committee generally considers recommendations from the CEO, decisions regarding the compensation of the Company’s executive officers are made by the Compensation Committee and may reflect factors and consideration other than information and recommendations provided by the CEO.

Role of Compensation Consultant

The Compensation Committee has the sole authority to retain compensation consultants to assist in its evaluation of executive compensation, including the authority to approve the consultant’s reasonable fees and other retention terms. The Compensation Committee has retained Willis Towers Watson US LLC (WTW) as its compensation consultant. A representative of WTW generally attends meetings of the Compensation Committee. In addition, WTW supports the selection of companies included in our compensation peer group, provides competitive market assessments of the compensation of our executive officers and non-employee director compensation programs, reviews the CD&A section of our proxy statements, and provides support on other matters as requested by the Compensation Committee.

The Compensation Committee has analyzed whether the work of WTW as compensation consultant raises any conflict of interest, taking into account relevant factors in accordance with SEC guidelines. Based on its analysis, our Compensation Committee

determined that the work of WTW and the individual compensation advisors employed by WTW does not create any conflict of interest pursuant to the SEC rules and Nasdaq listing standards.

Factors Used in Determining Executive Compensation

Our Compensation Committee sets the compensation of our executive officers at levels they determine to be competitive and appropriate for each NEO, using guidance and market data provided by WTW, as well as the professional experience and judgment of the members of the Compensation Committee. Pay decisions are not made by use of a formulaic approach; the Compensation Committee believes that executive pay decisions require consideration of a multitude of relevant factors which may vary from year to year. In making executive compensation decisions, the Compensation Committee generally takes into consideration the factors listed below.

- Company performance and existing business needs;
- Each NEO's individual performance, scope of job function and the critical skill set of the NEO to the Company's future performance;
- The need to attract new talent to our executive team and retain existing talent in a highly competitive industry;
- A range of market data reference points; and
- Recommendations from consultants on compensation policy determinations for the executive officer group.

Setting Executive Compensation

Performance goals are determined early in the year for each executive officer and relate to milestones and/or achievements, which aim to facilitate the Company's overall goals and objectives. These performance goals are assessed by the Compensation Committee. The Board makes the final determination in respect of setting the Company's goals each year, based on the recommendation of the Compensation Committee. These objectives can be altered at the discretion of the Board if appropriate due to changes in business factors or conditions.

Following the end of the year, the Compensation Committee assesses the achievement of such objectives with input from the CEO and based on such assessment, determines a corporate score based on actual performance and a resultant aggregate cash incentive bonus for each executive officer. The Compensation Committee approves the cash incentive bonus for the Company's executive officers (other than the CEO), and recommends the cash incentive bonus for the CEO to the Board for approval. The Board has final approval authority for the cash incentive bonus for the CEO.

Grants of equity-based compensation is subject to the discretion of the Compensation Committee and Board, which is determined annually based on the consideration of a variety of factors and is not subject to any minimum amount.

As part of its review of management compensation and incentive programs, the Compensation Committee retains external independent consultants to review and provide benchmark data of a comparable group of companies. The Compensation Committee believes that it is important when making its compensation decisions to be informed as to the current practices of comparable public companies with which we compete for top talent.

During 2023, the Compensation Committee engaged WTW to assist in updating the benchmarking data and provide advice on the total direct compensation (base salary, annual short and long-term incentives) for the NEOs (and the Company's other officers) for the 2023 fiscal year. The Compensation Committee must pre-approve any additional services that WTW would provide to the Company at the request of management of the Company.

As part of its 2023 benchmarking and review process, WTW (in consultation with the Compensation Committee) developed a comparator group, comprising 22 Canadian and U.S.-listed companies (the "2023 Peer Group"). The 2023 Peer Group includes multiple entities from the peer group selected for the 2022 compensation review but has removed and added various entities that are more comparable to the Company's size and status of operations or were merged or divested throughout 2023. Selection for the 2023 Peer Group included industry classification, revenue, market capitalization, trailing 12-month market capitalization, employee base, R&D expenses, and business focus. The Company's market capitalization at the time fell slightly below the middle of the market cap range. The equity data used by WTW was obtained from public proxy filings and Radford's 2022 Global Life Sciences survey (mid-size public company data used for equity benchmarking). The 2023 Peer Group consisted of the following 22 public companies:

AbCellera Biologics Inc.	Kymera Therapeutics, Inc.	Travere Therapeutics, Inc.
Aerie Pharmaceuticals, Inc.	MacroGenics, Inc.	Xencor, Inc.
Akebia Therapeutics, Inc.	Nektar Therapeutics	Y-mAbs Therapeutics, Inc.
Apellis Pharmaceuticals, Inc.	Omeros Corporation	Zymeworks Inc.
ChemoCentryx, Inc.	Reata Pharmaceuticals, Inc.	
Chinook Therapeutics, Inc.	REGENXBIO Inc.	
Insmed Incorporated	Revance Therapeutics, Inc.	
Halozyme Therapeutics, Inc.	Sorrento Therapeutics, Inc.	
Karyopharm Therapeutics Inc.	TG Therapeutics, Inc.	

WTW provided the Compensation Committee with its assessment of competitive market practice with respect to NEO total direct compensation based on the benchmarking work it performed. The Compensation Committee considered the competitive market data provided by WTW where appropriate and in conjunction with its own assessment of competitive compensation requirements as well as management recommendations.

The elements of compensation are targeted at ensuring that the compensation paid by the Company to its executive officers remains in a reasonably competitive range as compared to its comparator group. The compensation philosophy at a minimum is to focus on 50th percentile positioning for comparable roles in the comparator group with upside or downside based on performance, market demand and recognition of other inputs.

2023 Executive Compensation Program

Base Salary

The base salaries of our executive officers are designed to compensate them for day-to-day services rendered during the fiscal year. Appropriate base salaries are used to recognize the experience, skills, knowledge and responsibilities required of each executive officer and to allow us to attract and retain individuals capable of leading us to achieve our business goals in competitive market conditions.

The base salaries of our executive officers are reviewed at least annually by our Compensation Committee and adjustments are made to reflect Company and individual performance, as well as competitive market practices. Our Compensation Committee also takes into account additional performance criteria, such as an executive officer's ability to lead, organize and motivate others, develop the skills necessary to mature with us, set realistic goals to be achieved in his or her respective area, and recognize and pursue new business opportunities that enhance our growth and success. Our Compensation Committee does not apply specific formulas to determine increases, but instead makes an evaluation of each executive officer's contribution to our long-term success. Any annual adjustment is also reflective of market practices from peer companies as advised by our compensation consultant taking into account factors including inflation adjustments and other merit considerations. Annual adjustments to base salaries are effective as of January 1 of each year, with mid-year adjustments to base salaries limited to special circumstances, such as promotions or increased responsibilities, or to align certain base salaries with those of individuals in comparable positions at the companies in our compensation peer group.

The 2023 base salaries are as follows for our NEOs:

Named Executive Officer	2023 Base Salary
Peter Greenleaf	\$822,877
Joe Miller	\$500,701
Max Donley	\$513,640
Stephen Robertson	\$478,727
Volker Knappertz	\$516,250

⁽¹⁾ Stephen Robertson's 2023 base salary was translated from Canadian dollars (CAD) to U.S. Dollars (USD) using the 2023 year-end foreign exchange rate from the Bank of Canada.

Annual Performance Bonus

Our NEOs are eligible to receive performance-based cash bonuses, which are designed to provide appropriate incentives to achieve defined annual corporate goals as well as reward them for individual performance towards these goals. The annual performance-based bonus each current NEO is eligible to receive is primarily based on the extent to which we achieve the corporate goals and objectives that the Board, on recommendation of the Compensation Committee, establishes each year. At the end of the year, the Compensation

Committee reviews our performance and recommends to the Board the extent to which we achieved each of these corporate goals. The Board determines the final extent to which we achieved each of these corporate goals. Generally, the Compensation Committee will assess each NEO's individual contributions towards reaching our annual corporate goals and objectives but does not typically establish specific individual goals for our NEOs. Individual goals for all of our NEOs (except our CEO) are determined by the CEO. There are no individual goals for the CEO, as the CEO's goals are solely based on the overall corporate goals. For the other NEOs, the weighting for corporate goals is 80% and individual goals is 20%.

The table below sets forth the targets for our NEOs for 2023. The target percentage is paid as a percentage of such executive officer's base salary.

Named Executive Officer	2023 Target Percentage of Base Salary
Peter Greenleaf	70%
Joe Miller	50%
Max Donley	50%
Stephen Robertson	50%
Volker Knappertz	50%

In the first quarter of 2023, the Board, on recommendation of the Compensation Committee, established the corporate goals described below. Our objective is for our corporate goals to be directly aligned with our specific strategic goals, including commercialization activities, advancing our development programs, our research function, our clinical activities and certain corporate and financial goals, which we believe will create long-term value for shareholders. The corporate goals add up to 100% of target and provide from the Compensation Committee flexibility to prorate that total by 0-200% based on level of performance achievement with the maximum possible corporate achievement being 200% of target. In January 2024, the Board and the Compensation Committee evaluated the accomplishments and performance of the Company against such corporate goals. After its consideration of the Company's performance, as more specifically described below, the Compensation Committee rated our 2023 corporate achievement at 116.25%. This determination included the exercise of the Compensation Committee's discretion in respect of the achieved targets, taking into account factors not included in the scorecard.

Corporate Goal – Core	Weighting	Corporate Achievement
Maintain financial and Company value through achieving revenue targets and performance against NBI	40%	Exceeded - exceeded revenue targets and outperformed NBI
Achieve key commercial metrics related to patients start forms, patients on therapy and conversion rates	25%	Achieved - ended year with 2,066 patients on LUPKYNIS therapy, 1,892 new patient start forms, restarts and hospital fills and all-time high conversion rate at 20 days
Achievement of development milestones for AUR200 and AUR300	20%	Achieved - achieved all milestones for AUR200 and AUR300
Support LUPKYNIS through fortifying meaningful IP and global regulatory progression	10%	Achieved - fortified IP stance of LUPKYNIS, enabled Otsuka's PMDA submission and continue to progress regulatory filings
Continue business development efforts related to clinical stage assets	5%	Not Achieved

In January 2024, after making these determinations regarding level of corporate performance achieved against the pre-established performance goals, the Compensation Committee (for NEOs other than the CEO), with input from the CEO, rated each NEOs' individual performance. Based on these analyses, the Compensation Committee reviewed and approved corporate cash incentives as set forth in the table below. The Compensation Committee and the Board may, in their sole discretion, eliminate any individual cash incentive or reduce or increase the amount of compensation payable with respect to any individual cash incentive. Bonuses for individuals may be greater than the corporate achievement for 2023 based on either separate performance metrics for individual performance, as well as a cap being placed on salary for certain employees where the amount of salary increase that would have been provided in respect of a market view in excess of that cap was incorporated into the 2023 annual cash incentive payment.

Named Executive Officer	2023 Target Annual Cash Incentive		2023 Actual Annual Cash Incentive Paid	
	% of Base Salary	\$	% of Target Annual Cash Incentive	\$
Peter Greenleaf	70%	576,014	123%	710,760
Joe Miller	50%	250,351	137%	342,980
Max Donley	50%	256,820	133%	341,571
Stephen Robertson ⁽¹⁾	50%	239,364	137%	327,928
Volker Knappertz ⁽²⁾	50%	258,125	127%	327,819

(1) Stephen Robertson's cash incentive paid was translated from CAD to USD using the year-end foreign exchange rate from the Bank of Canada.

(2) Volker Knappertz was appointed as the Company's Executive Vice President, Research & Development effective July 14, 2022. His employment with the Company ceased on March 4, 2024.

Long-term Incentive Grants

In 2023, the Compensation Committee approved long-term incentive grants to our NEOs in the form of RSUs (representing the right to receive one common share) and performance awards (PAs) with performance metrics required to be met in order to receive the shares subject to the PAs.

Executive	RSUs (# shares) ⁽¹⁾	PAs (# shares) ⁽²⁾
Peter Greenleaf	667,407	333,705
Joe Miller	229,421	114,711
Max Donley	271,134	135,567
Stephen Robertson	204,810	102,406
Volker Knappertz ⁽³⁾	191,462	95,731

(1) RSUs shall vest in three equal annual installments on the first, second and third anniversary of the grant date.

(2) PAs shall vest in two equal installments on December 31, 2024 and December 31, 2025 at an amount based on achievement of performance metrics. If the performance metrics are exceeded, each NEO can earn up to 150% of their initial grant. The numbers in the above table represent 150% achievement.

(3) Volker Knappertz was appointed as the Company's Executive Vice President, Research & Development effective July 14, 2022. His employment with the company ceased as of March 4, 2024.

The annual equity grants to our NEOs are evaluated and approved by the Compensation Committee in the context of each NEO's total compensation and take into account the market data provided by Compensation Committee consultant in addition to the individual officer's responsibilities and performance. The Compensation Committee also takes into account the recommendations of the CEO with respect to appropriate grants and any particular individual circumstances.

Other Features of Our Executive Compensation Program

Agreements with Our Named Executive Officers

We have entered into written employment agreements with each of our NEOs. Each of these employment agreements sets forth the initial compensation arrangements for the NEO, including an initial base salary, an annual cash bonus opportunity, and an equity award recommendation. These agreements and the proprietary information and invention assignment agreements each NEO executes upon commencing employment at the Company also set forth the rights and responsibilities of each party and include, among other rights and responsibilities, the prohibition on the executive officer from engaging directly or indirectly in competition with us, soliciting any of our employees, or disclosing our confidential information.

Other Benefits

Our NEOs are eligible to participate in our employee benefit plans, including our medical, dental, vision, group life, disability and accidental death and dismemberment insurance plans, in each case on the same basis as all of our other employees. We provided a 401(k) plan to all of our U.S. employees and a Registered Retirement Savings Plan ("RRSP") matching program to all of our Canadian employees, including our NEOs. We do not generally provide perquisites or personal benefits to our NEOs (any perquisites provided to our executives are for matters in conjunction with their services as executives of the Company). We do, however, pay the premiums for term life insurance and disability insurance for all of our employees, including our NEOs.

Our NEOs are also able to participate in our Employee Share Purchase Plan ("ESPP") as well as receive awards under our Equity Incentive Plan. The ESPP provides eligible employees of the Company with opportunities from time to time to purchase Company common shares at a discounted price (each an "Offering"). The Company may make one or more Offerings to eligible employees under the ESPP. The maximum length for an Offering is 27 months (a "Plan Period"), during which the Company may withhold via payroll deduction the amount (not exceeding 15% of such eligible employee's earnings) elected by the eligible employee for purposes of purchasing common shares on each purchase date within the Plan Period.

Tax and Accounting Implications

Under Financial Accounting Standard Board ASC Topic 718 ("ASC 718"), we are required to estimate and record an expense for each award of equity compensation over the vesting period of the award. We record share-based compensation expense on an ongoing basis according to ASC 718.

Section 162(m) has historically limited public companies to a deduction for federal income tax purposes of not more than \$1 million of compensation paid to certain executive officers in a calendar year, subject to certain limited exceptions. Due to the effects of tax reform, only certain historical arrangements may be exempted from the limitation. The Company will continue to review related guidance from the Internal Revenue Service as it becomes available, including the final regulations released by the Internal Revenue Service in late 2020. In determining the form and amount of compensation for our named executive officers, our Compensation Committee may continue to consider various aspects of the cost of such compensation. While the Compensation Committee considers the deductibility of awards as one factor in determining executive compensation, the Compensation Committee may also look at other factors in making its decisions and retains the flexibility to award compensation that it determines to be consistent with the goals of our executive compensation program even if the compensation is not deductible by us for tax purposes.

Share Ownership Policy

In December 2021, we adopted a Share Ownership Policy. The Share Ownership Policy applies to each of the members of our Board, as well as each Section 16 Officer (together, "Covered Persons"). A "Section 16 Officer" is any current or former officer of the Company under Rule 16a-1(f) of the Securities Exchange Act of 1934, as amended, and any Executive Officer within the meaning of Rule 3b-7 under the Exchange Act (and any other person that Company determines to be subject to the policy). Under the Share Ownership Policy, Covered Persons are to acquire certain amounts of Qualifying Shares. "Qualifying Shares" are common shares held by a Covered Person and include owned common shares, as well as unvested RSUs. Qualifying Shares does not include unearned performance based awards or stock options (whether vested or unvested).

Each Covered Person must hold the required number of Qualifying Shares within 5 years of becoming a Covered Person (or 5 years from the adoption of the Share Ownership Policy).

Compliance with the Share Ownership Policy will be measured on the first trading day of each calendar year, using the base salary or board retainer then in effect. The share price used will be the higher of the closing price of the Company's common shares on that date, or the one-year average price of the Company's common shares on that date.

The following table sets out the required number of Qualifying Shares for each Covered Person:

Position / Level	Requirement
Members of the Board (other than Section 16 Officers)	3 times board annual retainer fees (excluding any meeting fees, committee retainers, committee chair retainers, and independent director retainers)
CEO	3 times base salary
All other Section 16 Officers	1 times base salary

Clawbacks

As a public company, if we are required to restate our financial results due to our material noncompliance with any financial reporting requirements under the federal securities laws as a result of misconduct, the Chief Executive Officer and Chief Financial Officer may be legally required to reimburse our Company for any bonus or other incentive-based or equity-based compensation they receive in accordance with the provisions of section 304 of the Sarbanes-Oxley Act of 2002.

Clawback Policy

On November 22, 2023, the Company adopted an updated clawback policy that complies with the new SEC rules under the Dodd-Frank Wall Street Reform and Consumer Protection Act and related stock exchange listing rules. The updated clawback policy replaces the Company's previous clawback policy.

Risk Analysis of Our Compensation Policies and Practices

The Compensation Committee has reviewed the Company's compensation policies and practices, in consultation with WTW, to assess whether they encourage employees to take inappropriate risks. After reviewing and assessing the Company's compensation philosophy, terms and practices, including the mix of fixed and variable, short and long-term incentives and overall pay, incentive plan structures, and the checks and balances built into, and oversight of, each plan and practice, the Compensation Committee determined that any risks arising from our compensation policies and practices for our employees are not reasonably likely to have a material adverse effect on our Company as a whole. The Compensation Committee believes that the mix and design of the elements of executive compensation do not encourage management to assume excessive risks; the mix of short-term compensation (in the form of salary and annual bonus, if any, which is based on a variety of performance factors), and long-term compensation (in the form of options to purchase our common shares and PAs) prevents undue focus on short-term results and helps align the interests of the Company's executive officers with the best interests of the Company.

The comparison assumes \$100 was invested for the period starting December 31, 2020, through the end of the listed year in the Company and in the NASDAQ Biotechnology Index, respectively. Historical stock performance is not necessarily indicative of future stock performance.
- (5) We determined Net Revenue to be the most important financial performance measure used to link Company performance to Compensation Actually Paid to our PEO and Non-PEO NEOs in 2023. This performance measure may not have been the most important financial performance measure for years 2021 and 2020 and we may determine a different financial performance measure to be the most important financial performance measure in future years.

Description of Relationship Between PEO and Non-PEO NEO Compensation Actually Paid and Company Total Shareholder Return (“TSR”)

The following chart sets forth the relationship between Compensation Actually Paid to our PEO, the average of Compensation Actually Paid to our Non-PEO NEOs, and the Company’s cumulative TSR over the four most recently completed fiscal years.

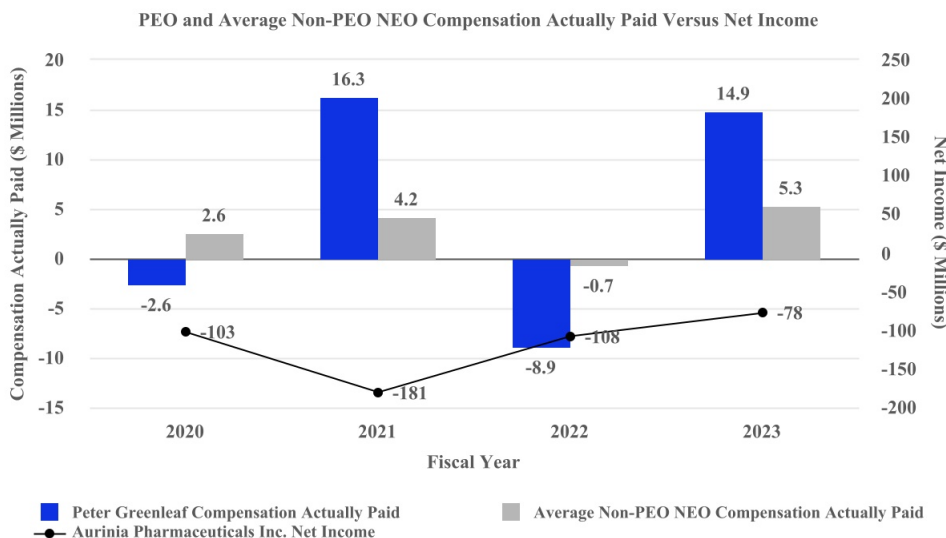

Equity awards are an important component of our executive compensation program, and as a result, TSR has a large impact on our Compensation Actually Paid metrics. Prior to the FDA approval of LUPKYNIS in January 2021, our PEO and Non-PEO NEO's received long term incentive grants in the form of stock options and one performance award grant in 2020. There were no additional equity grants to our executives in 2021. Since 2021, the equity grant cycle has continued to evolve. There was one annual grant consisting of a mix of stock options and RSUs to our PEO and Non-PEO NEO's in 2022 and in 2023, the annual grant consisted of a mix of RSUs and PAs.

The timing of the equity grants along with the volatility of our stock price were contributing factors to the year over year changes in the Compensation Actually Paid calculations above.

The market price of our common shares has fluctuated between \$4.11 and \$33.08 over the past 5 years. The grants to our executive officers occur (and are valued) based on then prevailing common share prices and can greatly increase or decrease in value due to the volatility in the Company's share price.

Description of Relationship Between PEO and Non-PEO NEO Compensation Actually Paid and Net Income

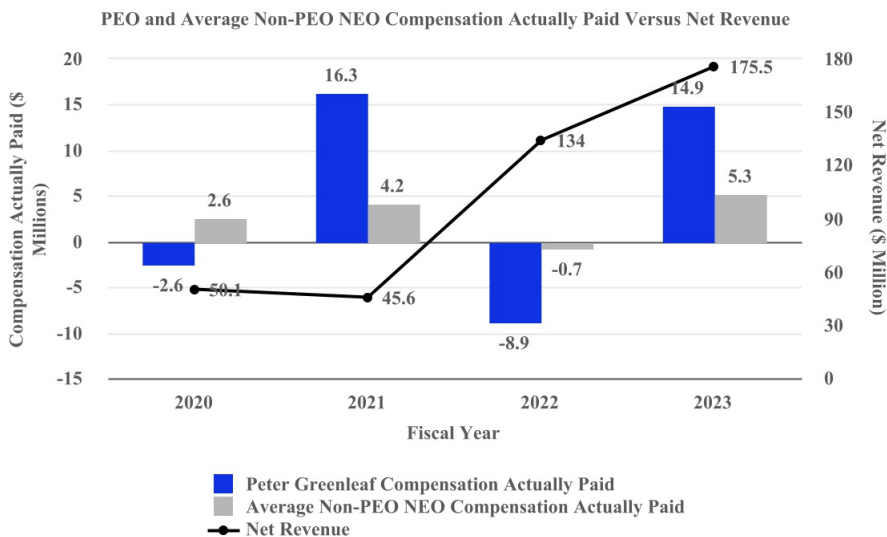

The following chart sets forth the relationship between Compensation Actually Paid to our PEO, the average of Compensation Actually Paid to our Non-PEO NEOs, and our Net Income during the three most recently completed fiscal years.

We launched our first commercial drug, LUPKYNIS, after FDA approval was received in January 2021. In connection with the launch in 2021, we had significant costs related to the expansion of the commercial and administrative functions to support the launch and commercialization of LUPKYNIS. As a result of this investment, the Company incurred significant losses in its initial launch year of LUPKYNIS. Certain of these costs continued in 2022 and 2023, but have been partially offset by an increase in net product revenue.

Description of Relationship Between PEO and Non-PEO NEO Compensation Actually Paid and Net Revenue

The following chart sets forth the relationship between Compensation Actually Paid to our PEO, the average of Compensation Actually Paid to our Non-PEO NEOs, and our Net Revenue during the three most recently completed fiscal years.

Although our stock price has been volatile, we have continued to focus on increasing our revenue from sales of LUPKYNIS, and building our global partnership with Otsuka.

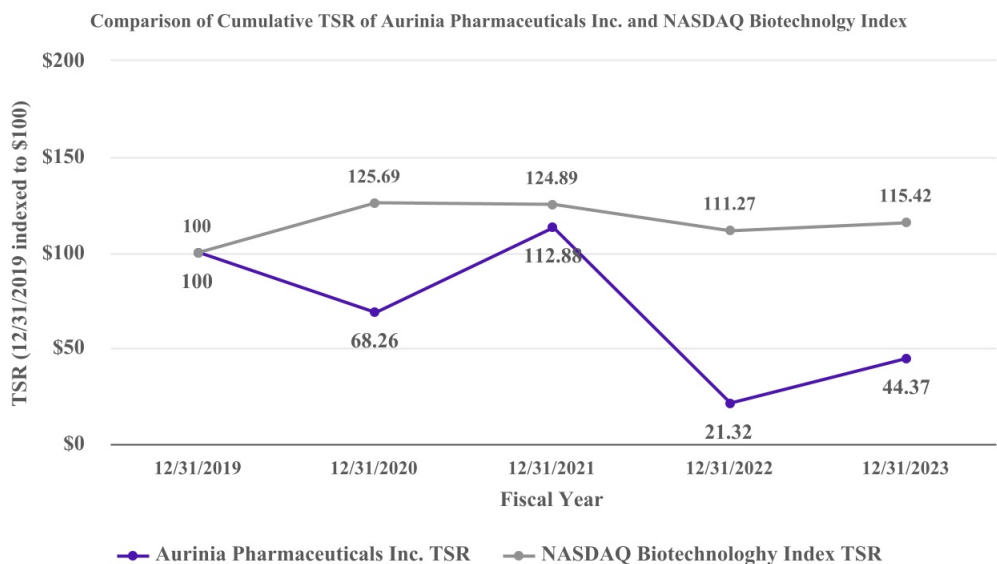

Total revenues were \$45.6 million and \$50.1 million for the years ended December 31, 2021 and 2020, respectively. Our total revenues during 2021 primarily consisted of product revenues, net of adjustments, for LUPKYNIS following FDA approval in January 2021, as we could not conduct commercial operations prior to obtaining FDA approval of LUPKYNIS. Total revenues during 2020 were primarily due to the upfront payment from Otsuka of \$50.0 million recorded as licensing revenue. In 2020, we did not have any drugs approved for commercial sale.

In 2022, we experienced significant commercial growth, generating \$134.0 million in total net revenue, a 194% increase over the previous year, and \$103.5 million in net product revenue, a 127% increase over the previous year.

For the year ended December 31, 2023, total net revenue was \$175.5 million compared to \$134.0 million in the previous year, an increase of approximately 31%. For the year ended December 31, 2023, product revenue, net was \$158.5 million compared to \$103.5 million in the previous year, an increase of approximately 53%.

Description of Relationship Between Company TSR and Peer Group TSR

The following chart compares our cumulative TSR over the three most recently completed fiscal years to that of the NASDAQ Biotechnology Index over the same period.

The market price of our common shares has been subject to significant volatility between 2019 and 2023 and has fluctuated between \$4.11 on December 27, 2022 and \$33.08 on October 29, 2021. As of April 30, 2024, the closing market price of our common shares was \$5.09.

List of Most Important Financial Performance Measures

Net Revenue was the sole financial performance measure that the Company used in linking Compensation Actually Paid to our CEO and other NEOs for 2023 to Company performance.

Securities Authorized for Issuance Under Equity Compensation Plans

The following table summarizes our compensation plans under which our equity securities are authorized for issuance at December 31, 2023:

Plan category	Number of securities to be issued upon exercise of outstanding options, warrants and rights	Weighted-average exercise price of outstanding options, warrants and rights	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a))
	(a)	(b)	(c)
Equity compensation plans approved by security holders	15,688,284 ⁽¹⁾	\$6.79 ⁽²⁾	6,162,879
Equity compensation plans not approved by security holders	3,674,441 ⁽³⁾	\$7.26 ⁽²⁾	— ⁽⁴⁾
Total	19,362,725		6,162,879

⁽¹⁾ Includes the Equity Incentive Plan approved in 2021, under which the maximum aggregate number of Plan Shares that may be issued is 23,815,115 common shares, and 2,500,000 shares that are reserved and available for issuance under our ESPP.

⁽²⁾ RSUs that were issued under or outside of the Equity Incentive Plan, and shares that were purchased pursuant to the ESPP, and that were outstanding as of December 31, 2023 do not have an exercise price, and as such this relates to the exercise price for only the options granted under or outside of the equity compensation plans approved by security holders.

⁽³⁾ These inducement awards were granted outside the Equity Incentive Plan as inducements material to the new employee entering into employment with the Company in accordance with Nasdaq Listing Rule 5635(c)(4) or other applicable exemptions available at the time of grant. These awards were granted with a per share exercise price equal to the fair market value of one common share on the date immediately preceding the date of grant. Of the 3,674,441 inducement awards, 3,132,877 are stock options and 1,600,000 vest as follows: 25% of the shares subject to the options vest on the 12-month anniversary of the vesting commencement date, and the remaining shares subject to the options vest in equal monthly installments over the next three years. The remaining 1,532,877 inducement stock option awards vest as follows: 33.333% of the shares subject to the option vest on the 12-month anniversary of the vesting commencement date, and the remaining shares subject to the options vest in equal monthly installments over the next two years. All of the stock option awards are exercisable for ten years from the date of grant. The remaining 541,564 inducement awards are RSUs and vest in three equal annual installments on the first, second and third anniversary of the grant date.

⁽⁴⁾ Our Board has not established any specific number of shares that could be issued without shareholder approval. Inducement grants to new employees are determined on a case-by-case basis. Other than possible inducement grants, we expect all equity awards will be made under shareholder-approved plans.

CEO Pay Ratio Disclosure

Under the SEC rules adopted pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act, we are required to disclose the ratio of the annual total compensation of our CEO, Peter Greenleaf, to the median of the annual total compensation of all of our employees other than Peter Greenleaf (the "CEO Pay Ratio").

For fiscal year 2023, the median of the annual total compensation of all employees of the Company (other than the CEO) was \$303,646 and the annual total compensation of the CEO, as reported in the Summary Compensation Table included in this Proxy Statement/Circular, was \$ 10,573,359. Based on this information, the ratio of the annual total compensation of the CEO to the median of the annual total compensation of all other employees was approximately 35 to 1.

To identify our median employee, we used the following methodology:

- To determine our total population of employees, we included all employees other than our CEO as of December 31, 2023 (whether employed on a full-time or part-time basis).
- To identify our median employee from our employee population, we chose as our consistently applied compensation measure the aggregate amount of each employee's annual base salary and cash bonuses earned during fiscal 2023 and the grant date fair value of equity awards granted in fiscal 2023 determined in accordance with FASB ASC Topic 718.
- We included all other compensation consistent with what is included in the Summary Compensation Table. For the U.S., this includes employer contributions to 401K, life insurance and expenses for work related travel. For Canada, this includes employer contributions to RRSP, medical services plan and employer health tax benefits. For the UK, this includes life insurance and pension.
- In making this determination, we annualized the base salary of employees who were employed by us for less than the entire fiscal year but we did not make any cost-of-living adjustments.
- We did not exclude any non-U.S. employees under the de minimis or other exceptions set forth in Item 402(u) of Regulation S-K.
- Compensation paid in foreign currency was converted to U.S. dollars based on the year-end exchange rate for the year ended December 31, 2023 from the Bank of Canada.

Once the median employee was identified, we calculated the median employee's total annual compensation in accordance with the requirements of the "Summary Compensation Table" earlier in this Proxy Statement/Circular.

The CEO Pay Ratio is a reasonable estimate calculated in a manner consistent with the SEC's rules and regulations, based on our records and the methodology described above. The SEC's rules and regulations for identifying the median employee and calculating the CEO Pay Ratio based on that employee's annual total compensation allow companies to adopt a variety of methodologies and to use reasonable estimates and assumptions based on their own facts and circumstances.

Non-Employee Director Compensation Policy

Compensation for the directors in such role is determined by the Board upon recommendation of the Compensation Committee. The Compensation Committee has sought advice from third party advisors in respect to the compensation of the directors, most recently WTW in 2023. During 2023, non-employee directors (other than the Chairman of the Board) earned an annual retainer fee of \$45,000 for serving as a Board member. The Chairman of the Board earned an annual retainer fee of \$80,000. Directors were paid in U.S. dollars at the end of each quarter. Annual committee compensation for 2023 was as follows:

- Compensation Committee Chair Retainer: \$15,000
Compensation Committee Member Retainer: \$7,500

Audit Committee Member Retainer: \$10,000
- G&N Committee Chair Retainer: \$10,000
G&N Committee Member Retainer: \$5,000

In addition to the cash retainers set out above, non-employee directors are entitled to an annual equity grant equivalent to \$200,000 stock options and an equity grant equivalent to \$340,000 upon the election or appointment of a new Board member.

All of the director options are exercisable for ten years and vest in equal amounts over 12 months. All of the director RSUs vest 100% on the first anniversary of the grant date.

TRANSACTIONS WITH RELATED PERSONS

Certain Related-Person Transactions

Described below are all transactions occurring since January 1, 2023 to which we were a party and in which (i) the amounts involved exceeded or will exceed \$120,000, and (ii) a director, executive officer, holder of more than 5% of our outstanding common shares, or any member of such person's immediate family had or will have a direct or indirect material interest, other than the equity and other compensation agreements that are described under "Executive Compensation" and "Director Compensation." We believe the terms obtained or consideration that we paid or received, as applicable, in connection with the transactions described below were comparable to terms available or the amounts that would be paid or received, as applicable, in arm's-length transactions with unrelated third parties.

Dr. Foster is considered a related party since he is one of the former executive officers of the Company who, as of March 8, 2012 was provided with future potential employee benefit obligations for remaining with the Company for a certain period of time. These obligations are contingent on the occurrence of uncertain future events. Dr. Foster was not a related party of the Company between his resignation from the Company in 2014, and his appointment to the Board on September 21, 2023.

Policies and Procedures for Transactions with Related Persons

We have adopted a policy that sets forth our procedures for the identification, review, consideration and approval or ratification of related person transactions. For these purposes, a "related person transaction" is a transaction, arrangement or relationship, or any series of similar transactions, arrangements or relationships, in which we and any related person are, were or will be participants in which the amount involved exceeds \$120,000. Transactions involving compensation for services provided to us as an employee or director are not covered by this policy. A "related person" is any executive officer, director or beneficial owner of more than 5% of any class of our voting securities, including any of their immediate family members and any entity owned or controlled by such persons.

If a transaction has been identified as a related person transaction, including any transaction that was not a related person transaction when originally consummated or any transaction that was not initially identified as a related person transaction prior to consummation, our management must present information regarding the related person transaction to our Audit Committee or, if Audit Committee approval would be inappropriate, to another independent body of our Board, for review, consideration and approval or ratification. The presentation must include a description of, among other things, the material facts, interests, direct and indirect, of the related persons, benefits to us of the transaction and whether the transaction is on terms that are comparable to the terms available to or from, as the case may be, an unrelated third party or to or from employees generally. We collect information that we deem reasonably necessary from each director, executive officer and, to the extent feasible, significant shareholder to enable us to identify any existing or potential related-person transactions and to effectuate the terms of the policy. In addition, under our Code of Conduct, our employees and directors have an affirmative responsibility to disclose any transaction or relationship that reasonably could be expected to give rise to a conflict of interest. In considering related person transactions, our Audit Committee, or other independent body of our Board, takes into account the relevant available facts and circumstances including, but not limited to:

- the risks, costs and benefits to us;
- the impact on a director's independence in the event that the related person is a director, immediate family member of a director or an entity with which a director is affiliated;
- the availability of other sources for comparable services or products; and
- the terms available to or from, as the case may be, unrelated third parties or to or from employees generally.

In determining whether to approve, ratify or reject a related person transaction, our Audit Committee, or other independent body of our Board, must consider, in light of known circumstances, whether the transaction is in, or is not inconsistent with, the best interests of the Company, as our Audit Committee, or other independent body of our Board, determines in the good faith exercise of its discretion.

Indemnification agreements

Our constating documents permit us to exculpate, indemnify and insure each of our directors and executive officers to the fullest extent permitted by the ABCA. We have entered into indemnification agreements with each of our directors and

executive officers, undertaking to indemnify them to the fullest extent permitted by law, to the extent that these liabilities are not covered by insurance. We have also obtained Directors and Officers insurance for each of our executive officers and directors.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements or other annual meeting materials with respect to two or more shareholders sharing the same address by delivering a single proxy statement or Notice of Meeting Materials, as applicable, addressed to those shareholders. This process, which is commonly referred to as “householding,” potentially means extra convenience for shareholders and cost savings for companies.

This year, a number of brokers with account holders who are shareholders will be “householding” our proxy statement or Notice of Meeting Materials. A single proxy statement or Notice of Meeting Materials will be delivered to multiple shareholders sharing an address unless contrary instructions have been received from the affected shareholders. Once you have received notice from your broker that they will be “householding” communications to your address, “householding” will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in “householding” and would prefer to receive a separate proxy statement, Notice of Meeting Materials or other annual meeting materials, please notify your broker or the Company. Direct your written request to Aurinia Pharmaceuticals Inc., Corporate Secretary, #140, 14315 - 118 Avenue, Edmonton, AB T5L 4S6 Canada or call (250) 744-2487. Shareholders who currently receive multiple copies of the proxy statement, Notice of Meeting Materials or other annual meeting materials at their addresses and would like to request “householding” of their communications should contact their bank, broker or other nominee or the Company at the address above.

INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

The Company has had no material transaction with an "informed person" (as that term is defined under applicable Canadian securities laws) any proposed director of the Company, or any associate or affiliate of any informed person or proposed director.

INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED UPON

Except as described in this Proxy Statement/Circular, no (i) person who has been a director or executive officer of the Company at any time since the beginning of Company's the last financial year, (ii) proposed nominees for director, or (iii) associate or affiliate of any of the foregoing persons, has any material interest, direct or indirect by way of beneficial ownership of securities or otherwise, in any matter to be acted upon at the Meeting (other than the election of directors and the amendment to the Equity Incentive Plan).

OTHER MATTERS

The Board, at the time of the preparation of this Proxy Statement/Circular, knows of no other matters to come before the Meeting other than that referred to herein. If any other matters should properly come before the Meeting, the persons named in the proxy card will have discretionary authority to vote all proxies in accordance with his or her best judgment.

Article 2 EQUITY INCENTIVE PLAN

Establishment of Equity Incentive Plan

2.1 There is hereby established an equity incentive plan to recognize contributions made by Service Providers and to create an incentive for their continuing assistance to the Company.

Maximum Plan Shares

2.2 Subject to the provisions of Section 3.12 below, the maximum aggregate number of Plan Shares which may be issued pursuant to all Awards (including Incentive Stock Options) following the ~~2021~~ 2024

annual general meeting of Shareholders of the Company is ~~23,815,115~~ 35,190,115 Common Shares (inclusive of the number of Common Shares subject to outstanding Awards as of the date of the 202~~14~~ annual general meeting of Shareholders of the Company). The Plan Shares may be authorized, but unissued, or reacquired Common Shares.

2.3 Unless otherwise determined in the discretion of the Board, the number of Plan Shares that may be reserved for issuance under the Plan to any one Recipient will not exceed 5% of the Outstanding Shares on a non-diluted basis, less any Common Shares reserved for issuance to such Recipient under Share Compensation Arrangements other than this Plan.

Eligibility

2.4 Awards may be granted hereunder to Service Providers from time to time by the Board. Service Providers that are corporate entities will be required to undertake in writing not to effect or permit any transfer of ownership or option of any of its shares, nor issue more of its shares so as to indirectly transfer the benefits of an Award, as long as such Award remains outstanding, unless the written permission of the Company is obtained.

Awards Granted Under the Plan

2.5 All Awards granted under the Plan will be evidenced by an Award Commitment, showing the number of Award Shares, the term of the Award, a reference to vesting terms, if any, and the Exercise Price, if applicable, or otherwise modified in respect of the terms of the specific Award as necessary.

2.6 Subject to specific variations approved in accordance with this Plan, all terms and conditions set out herein will be deemed to be incorporated into and form part of an Award Commitment made hereunder.

Awards Not Settled

2.7 Except as set out below, any Plan Shares covered by an Award (or portion of an Award) which is forfeited, canceled or expires (whether voluntarily or involuntarily) shall be deemed not to have been issued for purposes of determining the maximum aggregate number of Plan Shares which may be issued under the Plan. Shares that actually have been issued under the Plan pursuant to an Award shall not be returned to the Plan and shall not become available for future issuance under the Plan, except that if unvested Shares are forfeited or repurchased by the Company, such Shares shall become available for future grant under the Plan. Notwithstanding anything to the contrary in this Plan, the number of Common Shares (i) tendered or withheld or subject to an Award surrendered in connection with the purchase of Common Shares upon exercise of an Option, (ii) deducted or delivered from payment of an Award in connection with the Company's tax withholding obligations, or (iii) purchased by the Company with proceeds from Option exercises will be deemed to have been issued and will not increase the number of Plan Shares available for issuance under the Plan.

Administration of Plan

2.8 The Board will be responsible for the general administration of the Plan and the proper execution of its provisions, the interpretation of the Plan and the determination of all questions arising hereunder.

2.9 Without limiting the generality of the foregoing, but subject to the provisions of this Plan, the Board has the power to:

- (a) determine the Service Providers to whom Awards are to be granted, to grant such Awards, and, subject to the other terms of this Plan, to determine any terms and conditions, limitations and restrictions in respect of any particular grant of Award;

- (b) allot Common Shares for issuance in connection with the exercise vesting or other settlement of Awards; and
- (c) delegate all or such portion of its powers hereunder as it may determine to one or more committees of the Board, either indefinitely or for such period of time as it may specify, and thereafter each such committee may exercise the powers and discharge the duties of the Board in respect of the Plan so delegated to the same extent as the Board is hereby authorized so to do.

Regulatory Approval

2.10 This Plan will be subject to the approval of any regulatory authority whose approval is required. Any Awards granted under this Plan prior to such approvals being given will be conditional upon such approvals being given, and no such Awards may be exercised unless and until such approvals are given.

Compliance with Legislation

2.11 The Company will not be required to issue any Common Shares under the Plan unless such issuance is in compliance with all applicable laws, regulations, rules, orders of governmental or regulatory authorities and the requirements of any stock exchange upon which Common Shares of the Company are listed. The Company will not in any event be obligated to take any action to comply with any such laws, regulations, rules, orders or requirements.

Minimum Vesting

2.12 Notwithstanding any other provision of the Plan to the contrary, any Award granted under the Plan following the 2021 annual general meeting of shareholders of the Company shall vest no earlier than the first anniversary of the Grant Date of such Award; provided, that the following Awards shall not be subject to the foregoing minimum vesting requirement: (a) Common Shares delivered in lieu of fully vested cash obligations, and (b) any additional Awards the Board may grant, up to a maximum of five percent (5%) of the Plan Shares authorized for issuance under the Plan pursuant to Section 2.2 (subject to adjustment pursuant to Section 3.10).

Restrictions on Dividend Equivalent Rights and Dividends

2.13 A Dividend Equivalent Right is an Award entitling the Recipient to receive credits based on cash distributions that would have been paid on the Common Shares specified in such Dividend Equivalent Right (or other Award to which such Dividend Equivalent Right relates) if such Common Shares had been issued to and held by the Recipient of such Dividend Equivalent Right as of the record date. A Dividend Equivalent Right may be granted hereunder; *provided* that no Dividend Equivalent Right may be granted in connection with, or related to, an Award of Options. The terms and conditions of Dividend Equivalent Rights shall be specified in the Award Commitment. Dividend equivalents credited to the Recipient of a Dividend Equivalent Right may accrue or may be deemed to be reinvested in additional Common Shares, which may thereafter accrue additional Dividend Equivalent Rights. Any such reinvestment shall be at the Market Price on the date of such reinvestment. Dividend Equivalent Rights may be settled in cash or Common Shares or a combination thereof, in a single installment or in multiple installments, all as determined in the sole discretion of the Board.

2.14 A Dividend Equivalent Right granted as a component of another Award may provide that such Dividend Equivalent Right shall be settled upon the exercise, settlement or payment of, or lapse of restrictions on, such other Award, and that such Dividend Equivalent Right shall expire or be forfeited or annulled under the same conditions as such other Award. A Dividend Equivalent Right granted as a component of another Award also may contain terms and conditions which are different from the terms and conditions of such other Award, *provided* that Dividend Equivalent Rights credited pursuant to a Dividend Equivalent Right granted as a component of another Award shall not vest or be paid unless the underlying Award vests, and if the underlying Award does not vest, the Participant holding Dividend

Equivalent Rights shall promptly forfeit such unvested Dividend Equivalent Rights. Dividends accruing on Awards shall similarly not vest or be paid until the underlying Award vests. Any Dividend Equivalent Rights are subject to the vesting requirements of the underlying Awards.

Article 3
TERMS AND CONDITIONS OF AWARDS

3.1 Options: The Board is hereby authorized to grant Options to a Service Provider with the following terms and conditions and with such additional terms and conditions not inconsistent with the provision of this Plan as the Board shall determine:

- 3.1.1 *Exercise Price*. The Exercise Price of an Option will be set by the Board at the time such Option is granted under this Plan, and, subject to the provisions set forth in Section 3.1.4(d), cannot be less than the Market Price.
- 3.1.2 *Term*. Subject to the application of Section 3.11, an Option can be exercisable for a maximum of 10 years from the Grant Date, unless otherwise determined in the discretion of the Board.
- 3.1.3 *Vesting*. No Option shall be exercisable until it is vested. The vesting schedule of each Option will be as determined in the discretion of the Board at the time of the grant of the Option.
- 3.1.4 *For US Residents – Incentive Stock Options*.
- (a) Eligible Recipients of ISOs. Incentive Stock Options may be granted only to employees of the Company or an Affiliate that constitutes a “parent corporation” or “subsidiary corporation” within the meaning of Section 424 of the Code (an “**ISO Affiliate**”).
 - (b) Designation of ISO Status. The Board action approving the grant of an Option to a U.S. Participant, and the Award Commitment, must specify that the Option is intended to be an Incentive Stock Option. If an Option is not specifically designated as an Incentive Stock Option, or if an Option is designated as an Incentive Stock Option but some portion or all of the Option fails to qualify as an Incentive Stock Option under the applicable rules, then the Option (or portion thereof) will be a Nonstatutory Stock Option.
 - (c) Maximum Shares Issuable On Exercise of ISOs. Subject to the adjustment provisions of this Plan, the maximum aggregate number of Common Shares that may be issued upon the exercise of Incentive Stock Options is the limit on Plan Shares found in Section 2.2.
 - (d) Limits for 10% Stockholders. A person who owns (or is deemed to own pursuant to Section 424(d) of the Code) Common Shares possessing more than ten percent (10%) of the total combined voting power of all classes of securities of the Company or any ISO Affiliate, will not be granted an Incentive Stock Option unless the exercise price of such Option is at least one hundred ten percent (110%) of the Market Price on the date of grant and the Option is not exercisable after the expiration of five (5) years from the Grant Date.
 - (e) No Transfer. As provided by Section 422(b)(5) of the Code, an Incentive Stock Option will not be transferable except by will or by the laws of descent and distribution, and will be exercisable during the lifetime of the U.S. Participant only by the U.S.

Participant. If the Board elects to allow the transfer of an Option by a U.S. Participant that is designated as an Incentive Stock Option, such transferred Option will automatically become a Nonstatutory Stock Option.

- (f) US \$100,000 Limit. As provided by Section 422(d) of the Code and applicable regulations thereunder, to the extent that the aggregate Market Price (determined at the time of grant) of Common Shares with respect to which Incentive Stock Options are exercisable for the first time by any U.S. Participant during any calendar year (under all plans of the Company and any ISO Affiliate) exceeds US\$100,000 (or such other limit established in the Code) or otherwise does not comply with the rules governing Incentive Stock Options, the Options or portions thereof that exceed such limit (according to the order in which they were granted) or otherwise do not comply with such rules will be treated as Nonstatutory Stock Options, notwithstanding any contrary provision of the applicable Award Commitment(s).
 - (g) Post-Termination Exercise Period. To obtain the United States federal income tax advantages associated with an Incentive Stock Option, the United States Internal Revenue Code requires that at all times beginning on the date of grant and ending on the day three (3) months before the date of exercise of the Option, the U.S. Participant must be an employee of the Company or an ISO Affiliate (except in the event of the U.S. Participant's death or Disability, in which case a 12-month period applies). The Company cannot guarantee that the Option will be treated as an Incentive Stock Option if the U.S. Participant continues to provide services to the Company or an Affiliate after such U.S. Participant's employment terminates or if the U.S. Participant otherwise exercises the Option more than three (3) months (or twelve (12) months, as the case may be) after the date his or her employment terminates, or the Option otherwise fails to qualify as an Incentive Stock Option.
 - (h) Maximum Grant Period. No ISOs may be granted after the tenth (10th) anniversary of the Board's approval of the 2021 amendment and restatement of the Plan.
- 3.1.5 *No Repricing.* Except in connection with a corporate transaction involving the Company (including, without limitation, any stock dividend, distribution (whether in the form of cash, Common Shares, other securities or other property), stock split, extraordinary cash dividend, recapitalization, change in control, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase or exchange of Common Shares or other securities or similar transaction), the Company may not, without obtaining shareholder approval: (a) amend the terms of outstanding Options to reduce the Exercise Price of such outstanding Options; (b) cancel outstanding Options in exchange for Options with an Exercise Price that is less than the Exercise Price of the original Options; or (c) cancel outstanding Options with an Exercise Price above the current Market Price in exchange for cash or other securities.
- 3.2 Restricted Stock: The Board is hereby authorized to grant Restricted Stock to a Service Provider with the following terms and conditions and with such additional terms and conditions not inconsistent with the provision of this Plan as the Board shall determine:

- 3.2.1 *Restriction.* Restricted Stock shall be subject to such restrictions (if any) as the Board may impose (including, without limitation, a restriction on or prohibition against the right to receive any dividend or other right or property with respect thereto), which restrictions lapse separately or in combination at such time or times, in such instalments or otherwise as the Board may deem appropriate.
- 3.2.2 *Restricted Stock Certificates.* Any Restricted Stock granted under this Plan may be evidenced by the issuance of a share certificate or certificates. If any share certificate is issued, such certificate shall be held by the Company and such certificate shall be registered in the name of the Participant and shall bear an appropriate legend referring to the applicable Award Commitment and possible forfeiture of such shares of Restricted Stock.
- 3.2.3 Except as otherwise determined by the Board, upon a Participant's termination of office, employment or service (as determined under criteria established by the Board) during the applicable restriction period, all applicable Common Shares of Restricted Stock at such time subject to restriction shall be forfeited and reacquired by the Company; provided, however, that the Board may, when it finds that a waiver would be in the best interest of the Company, waive in whole or in part any or all remaining restrictions with respect to Common Shares of Restricted Stock.
- 3.2.4 Dividends accruing on Restricted Stock shall not vest or become payable to the holder before the underlying Common Shares have vested and the risk of forfeiture with respect to such Common Shares has lapsed.
- 3.3 Restricted Stock Unit Awards : The Board is hereby authorized to grant Restricted Stock Unit Awards to a Service Provider evidencing the right for such Service Provider to receive a Common Share (or cash payment equal to the Market Price of a Common Share) at some future date.
- 3.3.1 *Restrictions.* A Restricted Stock Unit Award will be subject to an Award Commitment containing such terms and conditions, not inconsistent with the provisions of this Plan, as the Board shall determine
- 3.3.2 *Forfeiture.* Except as otherwise determined by the Board and as set forth in the applicable Award Commitment, upon a Participant's termination of office, employment or service (as determined under criteria established by the Board) during the applicable restriction period, all applicable Restricted Stock Units at such time subject to restriction shall be forfeited and reacquired by the Company; provided, however, that the Board may, when it finds that a waiver would be in the best interest of the Company, waive in whole or in part any or all remaining restrictions with respect to Restricted Stock Units.
- 3.3.3 *For Canadian Residents.* For Canadian resident Service Providers, Restricted Stock Unit Awards shall be settled in Common Shares, unless the Company offers the Participant the right to receive cash in lieu of Common Shares and the Participant, in its sole discretion, so elects.
- 3.3.4 *Voting and Dividend Rights.* A Restricted Stock Unit does not entitle the holder thereof to any rights with respect to voting and dividends. A Restricted Stock Unit may provide the holder

with Dividend Equivalent Rights. Dividend Equivalent Rights are subject to the vesting requirements of the related Restricted Stock Unit.

3.4 Performance Awards:

- 3.4.1 The Board is hereby authorized to grant Performance Awards to a Service Provider subject to the terms of this Plan. A Performance Award granted under this Plan (i) may be denominated or payable in cash, Common Shares (including, without limitation, Restricted Stock and Restricted Stock Units), other securities, other Awards or other property, and (ii) shall confer on the holder thereof the right to receive payments, in whole or in part, upon the achievement of such performance goals during such performance periods as the Board shall establish. Subject to the terms of this Plan, the performance goals to be achieved during any performance period, the length of any performance period, the amount of any Performance Award granted, the amount of any payment or transfer to be made pursuant to any Performance Award and any other terms and conditions of the Performance Award shall be determined by the Board. For Canadian resident Service Providers, Performance Awards shall be settled in Common Shares, unless the Company offers the Participant the right to receive cash in lieu of Common Shares and the Participant, in its sole discretion, so elects.

Recipient Ceasing to be Director, Officer, Employee or Service Provider

- 3.5 No Award may be exercised after the Recipient, if a Director or Officer, has ceased to be a Director or Officer or, if an Employee or other Service Provider has left the employ or service of the Company, except as follows:
- (a) in the case of the death of a Recipient, any vested Award held by him at the date of death will become exercisable by the Recipient's lawful personal representatives, heirs or executors until the earlier of one year after the date of death of such Recipient and the Expiry Date of such Award;
 - (b) in the case of the Disability of a Recipient, any vested Award held by him at the date of Disability will become exercisable until the earlier of one year from the date of cessation of the Recipient's employment or other office and the Expiry Date of such Award; and
 - (c) subject to the other provisions of this Section 3.5, vested Awards will expire 90 days after the date the Recipient ceases for any reason whatsoever to be employed by, provide services to, or be a Director or Officer of, the Company and all unvested Awards will immediately terminate without right to exercise same;

but provided that in no event may the term of the Award exceed 10 years, unless determined in the discretion of the Board.

Additional Vesting; Dividend Equivalent Rights

- 3.6 Subject to Sections 3.7 and 3.8, in addition to meeting any other eligibility requirements for receiving an Award, or for an Award to vest (if applicable), the Service Provider must be Actively Engaged by the Company through to, and including on, the established Grant Date or vesting date

for such Award, as applicable. For clarity, except to the minimum extent, if any, required by applicable employment standards legislation:

- (a.) if the Service Provider is not Actively Engaged by the Company on the established Grant Date for an Award for any reason, the Service Provider will not have earned the Award, the Service Provider is deemed to have waived and forfeited any right to earn the Award, and the Service Provider will not be eligible to receive the Award or a pro-rated share of the Award;
 - (b.) if the Service Provider is not Actively Engaged by the Company on the established vesting date for an Award to vest, for any reason, the Award will not vest;
 - (c.) Awards will not be included in the calculation of, or form any part of, contractual or common law pay in lieu of notice, and Awards will not form part of any damages for wrongful dismissal or otherwise; and
 - (d.) this provision is intended to limit or remove the Service Provider's rights to any damages relating to Awards, including during any period in relation to which the Company provides pay in lieu of notice, and including during any period in relation to which the Company fails to give notice that should have been given pursuant to any agreement between the Service Provider and the Company, or pursuant to any applicable law, including the common law or civil law, as applicable.
- 3.7 Notwithstanding the provisions of Section 3.5(a), Section 3.5(b) and Section 3.6, if, in the case of a Recipient who is an Employee, that Recipient's employment terminates by reason of death or Disability, subject to the terms of the Award set out in an Award Commitment, any Award held by such Employee who has been Continuously Employed by the Company for a minimum of three (3) years shall become fully vested and exercisable and may thereafter be exercised during the term of the Award set forth in Section 3.5(a) and Section 3.5 (b).
- 3.8 Notwithstanding the provisions of Section 3.5(c) and Section 3.6, if, in the case of a Recipient who is an Employee, that Recipient's employment is terminated by the Company without cause then, provided that the Recipient has been Continuously Employed by the Company for a minimum of three (3) years, then, subject to the terms of the Award set out in an Award Commitment, all Awards shall become fully vested and exercisable and may thereafter be exercised during the term of the Option set forth in Section 3.5(c).

Change in Control

3.9 The provisions of this Section 3.8 shall apply in the case of a Change in Control, unless otherwise provided in the Award Commitment or any separate agreement with a Participant. In the event of a Change in Control, all Awards will terminate upon the Change in Control unless they are assumed by the surviving entity or otherwise equitably converted, substituted or continued. In that event, Recipients will have a reasonable period prior to the effectiveness of the Change in Control to exercise the vested portion of any Award prior to its termination.

- (a.) *Awards Not Assumed or Substituted by Surviving Entity* . Upon the occurrence of a Change in Control, and except with respect to any Awards assumed by the surviving entity or otherwise

equitably converted or substituted in connection with the Change in Control in a manner approved by the Board:

- (i) all outstanding Awards that are subject to time-based vesting requirements shall become vested and fully exercisable immediately prior to, and contingent on, the effectiveness of, the Change in Control;
- (ii) all outstanding Awards that are subject to time-based vesting restrictions shall become vested and such restrictions shall lapse immediately prior to, and contingent on, the effectiveness of, the Change in Control; and
- (iii) the payout level under all outstanding Awards that are subject to performance-based vesting requirements shall be deemed to have been earned immediately prior to, and contingent on, the effectiveness of, the Change in Control based upon an assumed achievement of all relevant performance goals at the 100% level (or such higher threshold as may have been actually achieved by the effective date of the Change in Control). To the extent that this provision causes Incentive Stock Options to exceed the dollar limitation set forth in Section 422(d) of the Code, the excess Options shall be deemed to be Nonstatutory Stock Options.

(b.) *Awards Proposed to be Assumed or Substituted by Surviving Entity* . Upon the occurrence of a Change in Control, and except with respect to any Awards that are not proposed to be assumed by the surviving entity or otherwise equitably converted or substituted in connection with the Change in Control in a manner approved by the Board:

- (i) all outstanding Awards that are subject to time-based vesting requirements shall become vested and fully exercisable immediately prior to, and contingent on, the effectiveness of, the Change in Control;
- (ii) all outstanding Awards that are subject to time-based vesting restrictions shall become vested and such restrictions shall lapse immediately prior to, and contingent on, the effectiveness of, the Change in Control; and
- (iii) the payout level under all outstanding Awards that are subject to performance-based vesting requirements shall be deemed to have been earned immediately prior to, and contingent on, the effectiveness of, the Change in Control based upon an assumed achievement of all relevant performance goals at the 100% level (or such higher threshold as may have been actually achieved by the effective date of the Change in Control). To the extent that this provision causes Incentive Stock Options to exceed the dollar limitation set forth in Section 422(d) of the Code, the excess Options shall be deemed to be Nonstatutory Stock Options.

Non Assignable

3.10 Subject to Section 3.5(a), all Awards will be exercisable only by the Recipient to whom they are granted and will not be assignable or transferable.

Adjustment of the Number of Award Shares

3.11 If there is a change in the outstanding Common Shares by reason of any share consolidation, or split, reclassification or other capital reorganization, or a stock dividend, arrangement, amalgamation, merger or combination, or any other change to, event affecting, exchange of or corporate change or transaction affecting the Common Shares, the Board will make, as it deems advisable and subject to requisite Regulatory Approval, appropriate substitution and/or adjustment in:

- (a) the number and kind of shares or other securities or property reserved or to be allotted for issuance pursuant to this Plan;
- (b) the number and kind of shares or other securities or property reserved or to be allotted for issuance pursuant to any outstanding unexercised Awards, and in the exercise price for such shares or other securities or property; and/or
- (c) the vesting of any Awards, including the accelerated vesting thereof on conditions the Board deems advisable,

and if the Company undertakes an arrangement or is amalgamated, merged or combined with another corporation, the Board will make such provision for the protection of the rights of Participants as it deems advisable.

Adjustment of Awards Expiring During Black-out Period

3.12 Should the Expiry date for an Award fall within a Black-out Period, or within the period that is nine Business Days immediately following the expiration of a Black-out Period, such Expiry Date will be automatically adjusted without any further act or formality to that day which is the tenth Business Day after the end of the Black-out Period, such tenth Business Day to be considered the Expiry Date for such Award for all purposes under the Plan. Notwithstanding any other provision of this Plan, the tenth Business Day period referred to in this Section 3.12 may not be extended by the Board.

Compliance with Section 409A of the Code

3.13 Unless otherwise expressly provided for in an Award Commitment, the terms applicable to Options granted to U.S. Participants will be interpreted to the greatest extent possible in a manner that makes those Options exempt from Section 409A of the Code, and, to the extent not so exempt, that brings the Options into compliance with Section 409A of the Code. Notwithstanding anything to the contrary in the Plan (and unless the Award Commitment or other written contract with the U.S. Participant specifically provides otherwise), if the Common Shares are publicly traded, and if a U.S. Participant of an Option that constitutes “deferred compensation” under Section 409A of the Code is a “specified employee” under Section 409A of the Code, no distribution or payment of any amount

that is due because of a “separation from service” (as defined in Section 409A of the Code without regard to alternative definitions thereunder) will be issued or paid before the date that is six (6) months following the date of such U.S. Participant’s “separation from service” or, if earlier, the date of the U.S. Participant’s death, unless such distribution or payment can be made in a manner that complies with Section 409A of the Code, and any amounts so deferred will be paid in a lump sum on the day after such six (6) month period elapses, with the balance paid thereafter on the original schedule.

Award Commitments

3.14 Each Award will be evidenced by an Award Commitment which incorporates such terms and conditions as the Board in its discretion deems appropriate and consistent with the provisions of this Plan (and the execution and delivery by the Company of an Award Commitment with a Participant shall be conclusive evidence that such Award Commitment incorporates terms and conditions determined by the Board and is consistent with the provisions of this Plan). Each Award Commitment will be executed on behalf of the Company by any member of the Board or any Officer or such other Person as the Board may designate for such purpose.

Article 4 COMMITMENT AND EXERCISE PROCEDURES

Award Commitment

4.1 Upon grant of an Award hereunder, an authorized officer of the Company will deliver to the Recipient an Award Commitment detailing the terms of such Awards and upon such delivery the Recipient will be subject to the Plan and have the right to the Awards on the terms set out therein, subject to the terms and conditions hereof.

4.2.1 A Recipient who wishes to exercise his Award may do so:

4.2.1 by delivering:

- (a) a written notice to the Company specifying the number of Award Shares being acquired pursuant to the Award; and
- (b) cash, certified cheque or bank draft payable to the Company for the aggregate Exercise Price for the Optioned Shares being acquired and the aggregate of any amounts required by law to be withheld by the Company on the exercise of such Award, or separate certified cheques or bank drafts for such Exercise Price and such amounts to be withheld;

4.2.2 in such other manner as may be specified in the Award Commitment or as may be agreed to by the Company.

Notwithstanding anything else contained in this Plan, the Company may, from time to time, implement such other procedures and conditions as it determines appropriate with respect to the payment, funding or withholding of amounts required by law to be withheld on the exercise of Awards under this Plan.

Delivery of Certificate and Hold Periods

4.3 As soon as practicable after receipt of the notice of exercise described in Section 4.2 and payment in full for the Awards Shares being acquired (if applicable), the Company will direct its transfer agent to issue to the Recipient the appropriate number of Award Shares. The transfer agent will either issue a certificate representing the Award Shares or a written notice in the case of uncertificated Common Shares. Such issued certificate or written notice, as the case may be, will bear a legend stipulating any resale restrictions required under applicable securities laws.

Article 5 AMENDMENTS TO PLAN OR AWARDS

Amendments Generally

5.1 The Board may, at any time and from time to time, amend, suspend or terminate the Plan as to any Common Shares as to which Awards have not been made and such action will not constitute a breach of the terms of any agreement between the Service Provider and the Company. The effectiveness of any amendment to the Plan shall be contingent on approval of such amendment by the Company's shareholders to the extent provided by the Board or required by applicable laws (including the rules of any stock exchange on which the Common Shares are then listed), provided that no amendment shall be made to the no-repricing provisions of Section 3.1.5 or the Option pricing provisions of Section 3.1.1 without the approval of the Company's shareholders. No amendment, suspension or termination of the Plan shall materially impair rights or obligations under any Award theretofore made under the Plan without the consent of the Participant.

5.2 With the consent of the affected Participants for any amendment or modification that materially impairs the rights or obligations of a Participant, the Board may amend or modify any outstanding Award in any manner to the extent that the Board would have the authority to initially grant such award as so modified or amended.

Amendment Subject to Approval

5.3 If the amendment of an Award requires Regulatory Approval or Shareholder Approval, such amendment may be made prior to such approvals being given, but no amended Awards may be exercised unless and until such approvals are given.

Article 6 GENERAL

Employment and Services

6.1 Nothing contained in the Plan will confer upon or imply in favor of any Recipient any right with respect to office, employment or provision of services with the Company, or interfere in any way with the right of the Company to terminate the Recipient's office, employment or service at any time. Participation in the Plan by a Service Provider will be voluntary. A change in the status, office, position or duties of a Participant from the status, office, position or duties held by such Participant on the date on which the Award was granted to such Participant will not result in the termination of the Award granted to such Participant provided that such Participant remains a Service Provider.

Taxes

6.2 The Company may make such provisions as it may deem appropriate for the withholding of any taxes which it determines is required in connection with any Awards granted under the Plan.

No Representation or Warranty

6.3 The Company makes no representation or warranty as to the future market value of Common Shares issued in accordance with the provisions of the Plan or to the effect of the *Income Tax Act* (Canada) or any other taxing statute governing the Awards or the Common Shares issuable thereunder or the tax consequences to a Service Provider. Compliance with applicable securities laws as to the disclosure and resale obligations of each Participant is the responsibility of such participant and not the Company.

Interpretation

6.4 The Plan will be governed and construed in accordance with the laws of the Province of Alberta.

Effective Date of Plan

6.5 This Plan will be effective from and after the date upon which the Company first receives Shareholder Approval for the Plan, and will remain effective provided that the Plan, or, if applicable, any amended version thereof receives Shareholder Approval, on or before each third annual general meeting of shareholders of the Company.

Adoption of Plan

6.6 This Plan was adopted by the Board on May 25, 2012 and approved by the Shareholders of the Company on June 28, 2012 and re-approved by the Shareholders of the Company on May 7, 2014. This Plan was amended as to Section 2.2 by the Shareholders of the Company on June 8, 2016. This Plan was further amended and approved by the Shareholders of the Company on June 2, 2020. This Plan was further amended and approved by the Shareholders of the Company on June 7, 2021. *This Plan was further amended and approved by the Shareholders of the Company on June 14, 2024.*
